Research in Diagnostic and Interventional Imaging

Société française de radiologie

LIGNE ÉDITORIALE *Overview*

Research in Diagnostic and Interventional Imaging (ReDII) is a high-quality, peer reviewed, open-access and online-only journal focusing on research articles in diagnostic and interventional imaging, whatever the subspecialty. The journal welcomes publications originating from any part of the world and focuses only on original research. Our main goal is to disseminate high-quality publications in diagnostic and interventional imaging, so as to advance research in radiology - as a whole.
