Editorial

The Journal of the American Dental Association (JADA), the premier journal in dentistry, contains peer-reviewed editorial on the latest developments in practice and research. Clinical reports, original research, case reports, and editorial on new techniques and improvements affecting dentistry serve to enhance the delivery of dental care.

Since its debut in 1913, JADA has cornered the market in dental science publishing. No other journal commands the same respect. JADA is the “must-read” publication for the practicing dentist, the dental researcher, the dental educator.

Today’s JADA continues to offer a wide range of information. Readers benefit from clinical information in such areas as biomaterials, pharmacology, and cosmetic and esthetic dentistry, as well as general dental practice; Reports on the increasingly important relationship between dental health and overall health; Views on the issues of the day; and a continuing education program. Yearly independent readership studies consistently rank JADA as the nation’s best-read dental journal.

## Print Ad Specifications

### File Format

Preferred format is PDF created with high-resolution PostScript from the native application. Convert the PostScript to PDF with Acrobat 4 or 5 Distiller set for compatibility to PDF version 1.3 (Acrobat 4). Other acceptable formats are PDF/X-1a, EPS and TIFF. All files must be correctly named with proper extensions.

The following source files are accepted and are expected to follow all requirements listed in this document:

- InDesign version 2 or higher (CS preferred)
- QuarkXPress version 6.5 or higher (native formats only; no Quark .eps are accepted)
- Adobe Illustrator (eps only)
- Adobe Photoshop (tiff)

Additional costs may apply if problems are encountered.

Note: Leaderboard can be configured to load on full-text and abstract pages on journal-by-journal basis only. This is not an automatic placement so a special request must be made. Ad will appear on all abstract and FT pages (for all issues).

### Fonts

Use of PostScript Type 1 fonts is encouraged. Include fonts for any embedded graphics. Do NOT use Type 3, Multiple Master or CID fonts. Avoid using menu-styled fonts, Macintosh “city” fonts (Chicago, Geneva, etc.) and Microsoft Outlook fonts (Tahoma, Impact, etc.).

### Images

TIFF and EPS files must conform to the following minimum resolution specifications:

- Grayscale and Color images: 300 dpi
- Combination Grayscale and Color images: 500-900 dpi
- Line art (Bitmap) images: 900-1200 dpi

Higher image resolutions are acceptable as they exceed the minimum requirements, but in some cases unnecessary resolution will be discarded to achieve smaller file sizes.
Files containing layers and/or transparent objects must be flattened prior to submission. PDF version 1.3 will ensure a flattened file.  

### Page Layout

Regardless of the file format supplied, all ads must conform to the following specifications:

- Pages must be built to the final trim size. Any content that prints to the trim line must be extended an additional 1/8” (0.125”) minimum bleed allowance beyond the trim on all sides.
- Any essential images or text ("live matter") should be positioned at least 1/4" (0.25") from trim edges.
- Supply as single page files only
- Right Reading, Portrait Mode, 100% size, No Rotation.
- All fonts and graphics must be either embedded or included with the files and conform to the format type listed above. Images must also conform to the specifications above for minimum image resolution.
- All color ads should be supplied as composite files.
- Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color.
- Embedded images should not be scaled, cropped/masked or rotated within the page layout application but instead should be manipulated in a proper image editing program (ex. Photoshop) and then imported into the page layout program at proper size and position.
- DO NOT nest EPS files within EPS files.
- All line and line art images should be of a minimum 1/3 pt thickness (1/2 pt for reverses) at final size to reproduce effectively on press.
- Special effects (ex. gradient, transparency, shadow, 3D effect) will be converted to raster object due to file compatibility.
- If needed, crop marks and SWOP color bars should be positioned 1/2” (0.50") outside trim (cannot appear within bleed area).

### Color Space

All color images and files are to be supplied as CMYK with a Total Area Coverage (TAC) not to exceed 300% for the darkest area of an image. Files supplied as RGB will be automatically converted to CMYK.

### Spot Colors

Spot colors are to be identified using the standard Pantone naming convention and not a custom color such as "Dark Blue." PMS colors will be converted to process unless otherwise specified. When using both art and layout programs be sure spot color naming is consistent in all applications (ex. Do not define both PMS 201CV and PMS 201CVC).

### Trapping and Screening

Overprints and knockouts should be defined. Files are NOT to be trapped or prescreened. Our Prepress service provider will use industry recognized trapping software to auto-trap your files for optimum performance and reproduction on press and will apply the appropriate screening. However, these trap settings may force small text and fine graphics to overprint to hold registration on press.

### Proofs

If submitting a proof for color match on press, please send a SWOP-certified contract color proof (with SWOP proofing bar or GATF proof comparator), produced from the final submitted file and imaged at 100% scale. Revised proofs must be supplied whenever a text or design change is made. For a list of current SWOP-approved proofs visit [www.swop.org/certification/systemlist.asp](http://www.swop.org/certification/systemlist.asp) Desktop inkjet printer proofs do not meet SWOP specifications. Elsevier cannot guarantee color match unless acceptable proof is provided. If a contract proof is not supplied Elsevier will run to standard ink densities and dot gains.

### Delivery

Email high-res PDF ad file(s) to sales contact and include the following information: page, displays on HOMEPAGE only (content pages = abstract and full text articles*)

- Journal Title
- Issue date
- Advertiser

* Generic list of non-content pages available upon request though will vary by journal

### Conformance to Specs

Variances from the above specifications may not yield results that conform to Elsevier quality control standards.

### Disposition Of Reproduction Material

All digital ad files will be held for twelve months only unless otherwise notified.

1. Applicability of terms and conditions

These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent ("the Client") relating to the products or services of Elsevier ("the Products and Services") and, along with the relevant purchase order, the purchase terms and conditions of Elsevier relating to the Products and Services, shall form the entire agreement between the parties. In the event of any conflict, these terms and conditions shall prevail over any purchase order or other document presented by the Client. These terms and conditions may only be modified or amended by written agreement signed by an authorized official of Elsevier or its authorized agents. Nothing in the TC will exclude or limit Elsevier's liability for fraudulent misrepresentation. When Products are sold to the Client that contain third party software or service, such a sale is subject to additional license terms.

2. Offer and acceptance/ Description

Each order for the Products and Services by the Client to the Client for the purchase of the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of the order is sent to the Client by Elsevier in writing. Elsevier shall have the right, in the absolute discretion of Elsevier, to decline to supply any Products or Services or to vary the price and availability thereof without liability or prejudice to Elsevier. The Client shall be entitled to cancel any order for the Products or Services if it notifies Elsevier in writing before Elsevier dispatches the Products or Services. If any order for the Products or Services is not accepted, all payments made by the Client to Elsevier will be refunded and the Client will be entitled to receive compensation for any reasonable expenses incurred as a result of the refusal of Elsevier to accept the order.

3. Execution and modification of the order

Any modifications to the agreed price or service description, schedule or budget, as set out in the order acknowledgment, may result in an adjustment to the final price and delivery time at Elsevier's discretion. If at the request of the Client, Elsevier modifies any terms and conditions in connection with the performance of this TC, Elsevier shall act in the name of, on the account of, and at the risk of the Client. Any dates specified Elsevier for delivery/performance of the Products and Services are intended to be an estimate and time for delivery/performance shall not be made of the essence by the Client. If no dates are specified, delivery/performance will be within a reasonable time.

4. Prices, taxes and currencies

The prices shown in Elsevier's publications or agreed to in negotiation with the Client are exclusive of taxes. Invoices will be issued in the currency of the contract in which the TC is signed unless otherwise agreed by the Client and Elsevier. Invoices will be in a form that is acceptable to Elsevier and will contain a description of the Products or Services, the price and any applicable taxes or duties. Invoices for reprints will be issued in the currency of the order. If any provision of the TC is found by any court, tribunal or administrative body of competent jurisdiction to be illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness, be deemed severable from the remaining provisions of the TC and shall not affect the legality, validity, voidness, voidability, enforceability or reasonableness of the remaining provisions of the TC.

5. Payment

Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency invoiced. Time for payment shall be of the essence. Elsevier may set any early payment discounts for any Client who has accepted this credit limit. Legal and beneficial title to any tangible Product supplied by Elsevier (the "Products") shall remain with Elsevier until Elsevier has received full payment in cash or cleared funds for all amounts due in respect of the Products and such other sums as are outstanding to Elsevier. The Client shall bear all reasonable costs of recovering Products. Products shall not be delivered to a Client who is in breach of any of the clauses of this TC or who has not paid any outstanding invoices. The Client shall pay all amounts due to Elsevier in full and in accordance with the TC. If any invoice is not paid by the due date, Elsevier may, without prejudice to any other rights or remedies it may have, charge interest on any outstanding amounts from the due date at a rate of 1% per month, or such other rate as is agreed in writing between Elsevier and the Client. If the Client is in breach of any of the clauses of this TC, Elsevier may, without prejudice to any other rights or remedies it may have, charge interest on any outstanding amounts from the due date at a rate of 1% per month, or such other rate as is agreed in writing between Elsevier and the Client.

6. Delivery

Any aspects of a Product's size, format or character, or of the manner in which it is printed or published, are subject to change at the absolute discretion of Elsevier. Elsevier will use reasonable skill and care in the production and supply of the Products and Services, but Elsevier shall not be liable for any inaccuracies or omissions in the Products or Services or in any advertising material supplied by the Client which does not correspond with the information supplied by Elsevier in the TC or which is not supplied by Elsevier at the Client's request. Elsevier may cancel or suspend delivery of any Products or Services in the event of a force majeure. Elsevier shall not be liable for any failure in the performance of the Products or Services if the failure is caused by the Client's delay or failure to provide material or information, or if the failure is caused by an event of force majeure. Elsevier may cancel the order for the Products or Services if it is not possible to supply the Products or Services as ordered by the Client. If the Client fails to observe any of Elsevier's terms and conditions, Elsevier may cancel the order for the Products or Services without any liability to the Client.

7. Ownership and licences

Title to all copyright and other proprietary rights in the Products and Services shall be retained by Elsevier. Elsevier may at any time, without prejudice to any other rights or remedies it may have, charge interest on any outstanding amounts from the due date at a rate of 1% per month, or such other rate as is agreed in writing between Elsevier and the Client. If the Client is in breach of any of the clauses of this TC, Elsevier may, without prejudice to any other rights or remedies it may have, charge interest on any outstanding amounts from the due date at a rate of 1% per month, or such other rate as is agreed in writing between Elsevier and the Client.

8. Liability and claims

Elsevier will not be liable for any loss or damage to the Client or any third party for any direct, indirect, special, consequential or punitive damages or any other loss that the Client or any third party may suffer for any reason. Elsevier shall not be liable for any loss or damage to the Client or any third party for any direct, indirect, special, consequential or punitive damages or any other loss that the Client or any third party may suffer for any reason. 9. Force majeure

If by reason of any dispute, strike, inability to attract laborers, materials or finance or other action of the elements, accidents, public disturbances or any other cause beyond the control of Elsevier the supply of the Products or Services is prevented, delayed or affected, Elsevier may cancel the order for the Products or Services without prejudice to any other rights or remedies it may have. Elsevier is not liable for any loss or damage to the Client or any third party for any direct, indirect, special, consequential or punitive damages or any other loss that the Client or any third party may suffer for any reason.
