Overview

*Leukemia Research* is an international journal which brings comprehensive and current information to all health care professionals involved in basic and (or) applied clinical research in leukemias, lymphomas, multiple myeloma and other hematologic malignancies. The editors encourage the submission of articles relevant to normal and leukemic hemopoiesis, biochemistry, cell biology, immunology and molecular biology as well as epidemiologic and clinical studies.

Specifically, of major interest will be articles that encompass the application of oncogenes, growth factors, cell markers, cell cycle and differentiation agents, novel therapeutics and clinical trials in both the acute and chronic leukemias as well as the myelodysplastic syndromes. In addition we solicit selected articles on the rapidly increasing specialty of marrow or stem cell reconstitution after high dose therapy with curative attempt in patients with a wide range of neoplasms.

Contact your sales representative for all digital advertising rates and opportunities.
2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order form, the Rate Card and any other applicable documents, together with any collection fees incurred by Elsevier. If the Client wishes to dispute any invoice (or part), the Client shall, as soon as reasonably practicable, but no later than the due date of such invoice, send full details of such dispute to Elsevier in writing. The Client shall remain liable for any costs of delay or collection incurred by Elsevier in consequence of such dispute.

3. Execution and modification of the order Each order for the Products and Services by the Client from Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written confirmation of order has been issued by Elsevier and any descriptions or illustrations contained in Elsevier’s catalogues or brochures are issued or published for the sole purpose of giving an approximate description of the Products and Services described therein. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for rejection or return, as the case may be, of the then issued price.
