Specifications

File Format

**PDF or PDF/X-1a compliant files, saved as PDF version 1.3.**

Transparencies within the supplied PDF(s) will be warned. The transparent elements contained in your file(s) must be converted within the native layout application or flattened in Acrobat using the High Resolution Flattener Presets to avoid overprint issues.

Saving your PDF to Acrobat 4 (PDF 1.3) compatibility will ensure transparent elements are flattened. If the ad contains spot colors that are not converted to process colors (CMYK) before flattening, overprint and/or trap issues may occur.

The following layout applications yield the optimum results for creating a print-compliant PDF and are expected to follow all requirements listed in this document:

- InDesign version 2 or higher (CS preferred)
- QuarkXPress version 6.5 or higher

Additional costs may apply if problems are encountered.

*NOTE: When using Adobe Illustrator it is preferred to have all fonts converted to outline/paths, and files submitted as EPS files.*

Images

All high-resolution images and fonts must be included. TIFF & EPS files must conform to the following minimum resolution specifications:

- Grayscale and Color images: 300 dpi
- Combination Grayscale and Color images: 500-900 dpi
- Line art (Bitmap) images: 900-1200 dpi

Higher image resolutions are acceptable as they exceed the minimum requirements, but in some cases unnecessary resolution will be discarded to achieve smaller file sizes.

Fonts

Use of PostScript Type 1 fonts is encouraged. Include fonts for any embedded graphics. DO NOT use Type 3 or Multiple Master fonts. Avoid using Macintosh menu-stylized fonts, Macintosh "city" fonts (Chicago, Geneva, etc.) and Microsoft Outlook fonts (Tahoma, Impact, etc.).
Page Layout

Regardless of the file format supplied, all ads must conform to the following specifications:

- Final size must meet journal trim size and include 1/8" bleed image on all four sides.
- Files will include trim marks with a minimum 3/16" offset.
- No content is to be within 1/4" of all trim edges.
- Supply as single page files only.
- Right Reading, Portrait Mode, 100% size, No Rotation.
- All fonts and graphics must be either embedded or included with the files and conform to the format type listed above. Images must also conform to the specifications above for minimum image resolution.
- All color ads should be supplied as composite files.
- Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color.
- Embedded images should not be scaled, cropped/masked or rotated within the page layout application but instead should be manipulated in a proper image editing program (ex. Photoshop) and then imported into the page layout program at proper size and position.
- DO NOT nest EPS files within EPS files.
- All lines and line art images should be of a minimum 1/3 pt thickness (1/2 pt for reverses) at final size to reproduce effectively on press.
- Crop marks and SWOP color bars must be included and positioned 1/2" outside trim.

Color Space

All color images and files are to be supplied as CMYK with a Total Area Coverage (TAC) not to exceed 300% for the darkest area of an image. Files supplied as RGB will be automatically converted to CMYK.

Spot Colors

Spot colors are to be identified using the standard Pantone naming convention and not a custom color such as "Dark Blue." PMS colors will be converted to process unless otherwise specified. When using both art and layout programs be sure spot color naming is consistent in all applications (ex. Do not define both PMS 201CV and PMS 201CVC). Any non-intended spot colors will be converted to CMYK.

Trapping and Screening

Overprints and knockouts should be defined. Files are NOT to be trapped or prescreened. Our Prepress service provider will use industry recognized trapping software to auto-trap your files for optimum performance and reproduction on press and will apply the appropriate screening. Note that these trap settings may force small text and fine graphics to overprint to hold registration on press.

Proofs

If submitting a proof for color match on press, please send a SWOP-certified contract color proof (with SWOP proofing bar or GATF proof comparator), produced from the final submitted file and imaged at 100% scale. Revised proofs must be supplied whenever a text or design change is made. For a list of current SWOP-approved proofs visit https://idealliance.org/systems-certification/certified-hard-copy-proofing-systems/. Desktop inkjet printer proofs do not meet SWOP specifications. Elsevier cannot guarantee color match unless acceptable proof is provided. If a contract proof is not supplied Elsevier will run to standard ink densities and dot gains.
Delivery
Submit PDF ad files to Elsevier ad portal at www.ads4els.com

Supplied Print Ad Pieces

Size - 2 page: 8-3/8” x 11-1/8”
Size - 4 page: 16-3/4” x 11-1/8”
Trimming: For 2 page 80# text preferred; 4 to 8 pages – 60# text minimum; 80# text maximum. Inserts that do not meet these minimum/maximum weights must be sent to the publisher two weeks prior to advertising close date for evaluation and print compatibility.

Closing Date for Booking Inserts: Same as ad space closing
Insert delivery date: See Insert due dates
All inserts must be submitted to Publisher for approval of stock, design and other mechanical specifications.
Copy of insert must accompany insertion order
Note: Failure to meet insert specifications & packaging guidelines may result in additional charges and/or delays with insertion.

Insert Quantity
Contact Ad Sales Services. For conference copy distribution, contact Ad Sales Services.

Insert Packing & Shipping Instructions
Inserts packed one up, folded if four pages, flat if two pages. All inserts must be delivered to the printer in cartons, with journal title, quantity, product & issue date (month/year) clearly marked. If shipping inserts for more than one issue date, inserts must be packed separately and clearly marked indicating journal title, issue date (month/year) and quantity.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC").

2. Offer and acceptance/ Description
Each order for the Products and/or Services shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgment of order is issued by Elsevier (or if earlier Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client). All purchase orders are accepted subject to availability of the ordered products.

3. Prices and taxes
Unless otherwise expressly agreed by Elsevier, the price/rate for the Products shall be those set out in the rate card (whether print or online). All such prices shall be exclusive of any handling, packing, loading, freight, transport and insurance charges unless otherwise agreed in writing, and shall also be exclusive of any taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, Client shall provide to Elsevier Client’s VAT registration number or other evidence of tax exemption at the time of placing its order. If, under the laws of the territory in which Client is selling the Products, the Client is required to withhold any tax on the payment to Elsevier, then the Client shall be additionally entitled to withhold any such tax charges or to notify Elsevier of the applicable tax amount and the Client shall make all necessary arrangements and payments to Elsevier for the payment of such tax charges.

4. Distribution
If any provision of the TC is found by any court, tribunal or other body of competent jurisdiction to be invalid, void or unenforceable, that provision shall be severable and the remainder of the TC shall remain in full force and effect.

5. Execution and modification of the order
Any modifications to the agreed product or service description, budget, or schedule, as set out in the execution, or any amendment to the agreed price, shall have no effect unless the variation to the TC and any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.

6. Liability and claims
TO THE MAXIMUM EXTENT PERMITTED BY RELEVANT LAWS (i) Elsevier shall not be liable for any of the following which may be caused by any breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind imposed on Elsevier by operation of law; and (ii) losses or damages, costs or expenses, including the cost of any product or service purchased or leased by Elsevier from another person as an inducement or reward for any act or forbearance or in connection with any matter or business transacted by or on behalf of Elsevier.

7. Force majeure
In the event of any such event that is beyond the control of Elsevier ("Force Majeure"); (1) the Client shall not be liable to Elsevier for any failure in performance or other adverse effect unless expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.

8. Losses and claims TO THE MAXIMUM EXTENT PERMITTED BY RELEVANT LAWS (i) Elsevier shall not be liable for any of the following which may be caused by any breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind imposed on Elsevier by operation of law; and (ii) losses or damages, costs or expenses, including the cost of any product or service purchased or leased by Elsevier from another person as an inducement or reward for any act or forbearance or in connection with any matter or business transacted by or on behalf of Elsevier.

9. Non-applicability
Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.

10. Advertising & Reprints
Non-applicability
Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.

11. Audit
Non-applicability
Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.

12. Distribution
Non-applicability
Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where products are sold to the Client that contain third party product or software such a sale may be subject to additional license terms.
