1. Applicability

These terms and conditions shall apply to all offers, proposals, and quotations made by Elsevier to buy and sell and to any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC"). They supersede any previous understandings or agreements between the parties. (In the case of a contract with Elsevier for products or services, Elsevier shall be the Client within the meaning referred to in this paragraph.)

2. Execution and modification of the order

Any modifications to the order or description of the products or services, budget, or schedule as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier redesigns additional content as a result of such modifications, the Client will be required to pay for the additional content.

3. Execution and modification of the order

Any modifications to the order or description of the products or services, budget, or schedule as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier redesigns additional content as a result of such modifications, the Client will be required to pay for the additional content.

4. Prices, taxes and currencies

Unless otherwise agreed by Elsevier in writing, the price/rates for the Products and Services shall be those set out in the order acknowledgment. In the absence of any such agreement, the price/rates shall be exclusive of any handling, packing, loading, freight, transport and insurance charges unless otherwise agreed in writing, and shall be exclusive of any taxes, duties or other levies imposed on the sale or supply of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, Client shall provide to Elsevier its VAT registration number or other similar identification number.

5. Liability and claims

To the maximum extent permitted by relevant laws, Elsevier shall not be liable for or be required to pay damages or compensation for any indirect, special or incidental losses or costs (including, but not limited to, actual or consequential losses, charges, costs, expenses, or damages) arising directly or indirectly from the sale, supply or performance of the Products or Services. This limitation does not apply to liability for death or personal injury unless and to the extent that it is attributable to the negligence or willful default of Elsevier.

6. Distribution

The Client shall not engage, reengage, republish, or republish any of the Products or any other products of Elsevier, sell it directly or indirectly, facilitate or assist any other party in engaging in these activities. The Client shall promptly indemnify Elsevier in the event of any breach of this provision, and pay Elsevier the costs and expenses (including legal costs, such as solicitor and client costs, costs of court proceedings, and any other expenses reasonably incurred) arising out of such breach to the extent that it is attributable to the Client.

7. Intellectual property

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or sell it directly or indirectly, facilitate or assist any other party in engaging in these activities. The Client shall promptly indemnify Elsevier in the event of any breach of this provision, and pay Elsevier the costs and expenses (including legal costs, such as solicitor and client costs, costs of court proceedings, and any other expenses reasonably incurred) arising out of such breach to the extent that it is attributable to the Client.

8. Liability and claims

To the maximum extent permitted by relevant laws, Elsevier shall not be liable for or be required to pay damages or compensation for any indirect, special or incidental losses or costs (including, but not limited to, actual or consequential losses, charges, costs, expenses, or damages) arising directly or indirectly from the sale, supply or performance of the Products or Services. This limitation does not apply to liability for death or personal injury unless and to the extent that it is attributable to the negligence or willful default of Elsevier.

9. Taxes

The Client shall be solely responsible for paying all taxes due under the terms of the sale. In the event of any dispute over the costs of the Products or Services, the Client will be responsible for providing Elsevier with proof of such costs and taxes.

10. Applicability

The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the exclusive jurisdiction of the courts of that state for all such matters. The Client shall indemnify Elsevier of any liability, costs, charges, expenses, or damages arising out of any such dispute or claim.

11. Compliance with laws

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or sell it directly or indirectly, facilitate or assist any other party in engaging in these activities. The Client shall promptly indemnify Elsevier in the event of any breach of this provision, and pay Elsevier the costs and expenses (including legal costs, such as solicitor and client costs, costs of court proceedings, and any other expenses reasonably incurred) arising out of such breach to the extent that it is attributable to the Client.
