Journal of Clinical Neuroscience

Overview

This International journal, *Journal of Clinical Neuroscience*, publishes articles on clinical neurosurgery and neurology and the related neurosciences such as neuropathology, neuroradiology, neuroophthalmology and neurophysiology. The journal has a broad international perspective, and emphasises the advances occurring in Asia, the Pacific rim region, Europe and North America. The *Journal* acts as a focus for publication of major clinical and laboratory research, as well as publishing solicited manuscripts on specific subjects from experts, case reports and other information of interest to clinicians working in the clinical neurosciences.
