Overview

Thrombosis Research is an international journal with a goal of rapid dissemination of new information on thrombosis, hemostasis, and vascular biology to advance science and clinical care. The journal publishes peer-reviewed original research, along with reviews, editorials, and opinions and critics. Both basic and clinical studies are published. Publication of research which will lead to novel approaches in diagnosis, therapy, prognosis and prevention of thrombotic and hemorrhagic diseases is given high priority. Rapid communication and high visibility is facilitated by on-line submission, processing, and dissemination through Science Direct with powerful on-line links to other journals and sources.

1. Applicability

These terms and conditions apply to offers, proposals, deals and any terms and conditions of the Client ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC"). They supersede any previous terms and conditions of Elsevier relating to the products and/or services subject to the TC. For the purposes of this TC acknowledgment or order, "acknowledgment" or "order" shall refer to an acknowledgment or order issued by Elsevier or [further] Elsevier delivers the Products or issues the invoice to the Client. Any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorized signature of Elsevier. Nothing in the TC will exclude or limit Elsevier's Liability for fraudulent misrepresentation.

Where Products are supplied to the Client, the Client will be deemed to have agreed to accept the Products subject to the terms and conditions of the TC which are set out in the Elsevier order acknowledgment or order. The Client is advised to read the TC in full. The Client acknowledges that if there is any dispute or claim, then in addition to the rights of the Client under applicable law, Elsevier may only be limited in accordance with these terms and conditions and the Client has entered into this TC in the knowledge that the liability of Elsevier is to be limited in accordance with these terms and conditions and the Client shall not be entitled to a refund of any monies paid to Elsevier.

2. Offer and acceptance/Description

Each offer or proposal for the supply of products or services by the Client to Elsevier shall be deemed to be an offer to Elsevier to supply the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgment of order is issued by Elsevier or [further] Elsevier deliver the Products or issues the invoice to the Client or commencement performance of the Services for the Client. All products and services are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed in writing, Elsevier represents and warrants that it is purchasing Products from Suppliers for its own account and on its own behalf and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the Client's account and on behalf of no one in connection with any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the Client's account and on behalf of no one in connection with any other person or entity.

5. Payment

Unless otherwise agreed by Elsevier in writing, all payments shall be made by the Client in accordance with the TC,为客户付款并获得产品的交付，必须通过电汇、支票或银行转账的方式，款项应在发票开具后30天内到账。如有未付款项，客户应向Elsevier支付未付款项的利息，利息按年利率1%计算。未付款项的利息将被计入客户的欠款，并在客户支付全款时予以扣除。客户应提供完整的付款证明，否则Elsevier有权拒绝交付产品。如果客户未能在规定时间内支付货款，Elsevier有权将产品转售给其他客户，从而抵消客户的欠款。如果客户未能在规定时间内支付货款，Elsevier有权采取任何必要的法律行动，包括但不限于诉讼，以追回未付款项。

7. Intellectual property

The Client is solely responsible for collecting from its customers amounts due in respect of the sale of the Products, retaining full control and sales of the Products and Services as set out in the order of the Products or Services as set out in the order. The Client shall be solely responsible for ensuring that the Products and Services do not infringe any intellectual property rights of any third party. The Client shall indemnify Elsevier against any claims, demands, actions or proceedings brought against Elsevier by a third party alleging that the Products or Services infringe any intellectual property rights.

8. Liability and claims

If no dates are so specified, delivery/performance will be within a reasonable time. If the Client does not accept the Products or Services, it must notify Elsevier in writing within a reasonable time of the Client’s knowledge that the liability of Elsevier is to be limited in accordance with these terms and conditions and the Client shall not be entitled to a refund of any monies paid to Elsevier.

10. Compliance with laws

The Client agrees that it has not been registered as a supplier of any third party and that it has not been suspended or recalled by any regulatory body. The Client further agrees that it will not accept any payment or other benefit in money or in kind from any supplier of the Products or Services, or reward for any act or forbearance or in connection with any matter or business transacted by or on behalf of Elsevier.

3. Execution and modification of the order

The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations. The parties agree that the limitations on liability provided in these terms and conditions shall apply to the fullest extent possible in all situations, and that the limitations set out in these terms and conditions shall apply to the fullest extent possible in all situations.

12. Compliance with laws

The Client will not accept any benefit in money or in kind from any supplier of the Products or Services, or reward for any act or forbearance or in connection with any matter or business transacted by or on behalf of Elsevier.
