Contact your sales representative for all digital advertising rates and opportunities.
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier means the company within the Elsevier group that is providing the Products or Services as set out on the invoice, order acknowledgement or other written confirmation of the TC, and its employees, agents and representatives. Failure or delay by Elsevier in exercising any right under the TC will not be construed as a waiver of any of its rights under the TC.

In the event of any discrepancy between the provisions of this TC and any order acknowledgment or invoice, the TC will prevail. In the event of any dispute affecting the interpretation of this TC, the Swiss courts shall have exclusive jurisdiction to decide on the dispute. This TC shall be governed by and construed in accordance with Swiss law. Nothing in this TC shall limit the Client's existing legal or statutory rights.

The Client and Elsevier agree that the United Nations Convention on Contracts for the International Sale of Goods (the "UCISG") shall not apply to this TC and all contracts arising out of this TC shall be governed by law of the country where Elsevier is located. Any such disputes will be resolved by the courts of the country where Elsevier has its principal place of business.

It is the Client’s responsibility to ensure that any advertising is not in breach of any applicable laws or regulations. Elsevier’s liability shall be excluded for any breach of any implied warranty or condition relating to the Client's use of any advertising or any other marketing material. However, in the event that Elsevier is found to be in breach of any of its duties under this TC, Elsevier shall be liable for all losses or damages suffered by the Client except that resulting from its own negligence or willful misconduct. The Client agrees that Elsevier shall not be responsible for any unauthorised use or distribution of any advertising or marketing material.

The Client shall indemnify and hold Elsevier harmless for any claims, losses or damages arising out of or in connection with the use of advertising or marketing material provided by Elsevier.

If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Services are intended to be an estimate and time for delivery/performance shall not be made of the essence by notice. If no date is so specified, delivery/performance will be within a reasonable time.

Prices, taxes and currencies

Unless otherwise agreed by Elsevier in writing, the Client shall pay each invoice in full, exclusive of any value added tax due, within thirty (30) days from the date of the invoice. Failure to pay any invoice or payment due under the TC shall be deemed to be overdue and at Elsevier’s discretion, the Client shall be required to pay interest on the overdue balance which shall be charged on a daily basis at a rate equal to three (3%) percentage points above the base lending rate of major international banks. The Client shall pay all costs, fees and expenses reasonably incurred by Elsevier in connection with any action taken by Elsevier to collect any amounts due under the TC. In the event of any breach of this provision, Elsevier shall be entitled to suspend or refuse delivery of any Products or Services.

If, at the request of the Client, Elsevier performs any work for which no additional fee is charged, the Client shall pay Elsevier for such work within thirty (30) days of the date of invoice. Failure to pay any invoice or payment due under the TC shall be deemed to be overdue and at Elsevier’s discretion, the Client shall be required to pay interest on the overdue balance which shall be charged on a daily basis at a rate equal to three (3%) percentage points above the base lending rate of major international banks. The Client shall pay all costs, fees and expenses reasonably incurred by Elsevier in connection with any action taken by Elsevier to collect any amounts due under the TC. In the event of any breach of this provision, Elsevier shall be entitled to suspend or refuse delivery of any Products or Services.

Distribution

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sale of the Products, exercising full control and securely keeping all of its own losses from any uncollected amounts. Delays or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under clause 5.

Intellectual property

Copyright and other intellectual property rights to all Elsevier proposals, publications and other Services or Services and Services shall remain with Elsevier unless agreed otherwise in writing. The rights granted by Elsevier are restricted to use solely by the Client and may not be assigned, transferred or sublicensed without the prior written permission of Elsevier. The Client is responsible for obtaining any licenses or consents required by its employees or agents to use any of Elsevier's products or services.

The Client shall not acquire any intellectual property rights in any of the Products. The Client may not use any Elsevier product, service or technology for any purpose other than those set out in this TC. The Client may not sell, transfer, assign, sublicense, lease, or lend any of the Products to any third party without Elsevier's prior written consent.
