Journal of Cartilage & Joint Preservation

Overview

The Journal of Cartilage & Joint Preservation will capture the best clinical, translational and basic science articles in this rapidly growing area of discovery and expertise. JCJP will publish peer-reviewed original research articles and state-of-the-art reviews, as well as techniques videos showing the applications of new findings to the care of patients in need of cartilage repair and joint preservation.

Because it sits at the intersection of basic and applied research, JCJP will bring important new findings to the toolbox of all researchers and clinicians involved in cartilage repair, development, function, degeneration, transplantation and rehabilitation, and with a strong new emphasis on joint preservation, including cartilage restoration techniques such as microfracture surgery, drilling, abrasion arthroplasty, autologous chondrocyte implementation, osteochondral autograft transplantation and osteochondral allograft transplantation.

2. Applicability. These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (the “Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). The TC supersedes any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the TC or the relevant order acknowledgement. The terms “Elsevier” and “we” refer to the company that is delivering the Products or Services under the TC, and “Client” and “you” refer to the party to whom the Products or Services are being supplied. The terms “provisions” and “provision” refer to the terms and conditions of the TC and any variation made in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party software or hardware such a sale may be subject to additional licence terms.

3. Execution and modification of the order. Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate and time for delivery/performance shall not be made of the essence by notice. If no dates are so specified, delivery/performance will be made at Elsevier’s convenience.

4. Prices, taxes and currency. Unless otherwise agreed by Elsevier in writing for the purpose of the Products and Services and Elsevier shall set out in the TC.

5. Payment. Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in accordance with the time of payment for the essence. Elsevier may set any credit limits for any Client account and shall be entitled to refuse to supply any Client who has exceeded its current credit limit. Legal and beneficial title in any tangible Products supplied by Elsevier to the Client shall remain with Elsevier until Elsevier has received in full (i) all due and unpaid sums due to it in respect of the Products and all other sums which are or which become due to Elsevier from the Client on account thereof. The Client may not resell or dispose of the Products in such a sale unless Elsevier has been provided with a written receipt for payment for the Products and Services. The Client shall be entitled to retain a copy of all receipts for payment of taxes to those authorities having a claim. All financial transactions must be settled in the currency of the applicable Elsevier invoice. The Client will be solely responsible for its own cost for completing any foreign-exchange-related transactions in the said currency that are necessary to settle the TC.

6. Distribution. The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sales of the Products, exercising full credit control and solely bearing all of its losses resulting from any uncollected amounts. Delays or failures in obtaining such payments will not affect Elsevier’s obligations to make payments to the Client under the TC.

7. Intellectual property. Copyright and other intellectual property rights in the Products, Elsevier proposals, publications and other Services or Projects shall remain with Elsevier unless otherwise agreed in writing. The rights granted by Elsevier are restricted to use solely by the Client and may not be assigned, transferred or sublicensed without the prior written permission of Elsevier. The TC and any variation made in writing and signed by an authorized signatory of Elsevier shall not be considered to be a waiver of any of its rights under the TC. The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party.

The Client has entered into this TC in the knowledge that the liability of Elsevier is to be limited in accordance with these provisions and the conditions and charges have been agreed accordingly. The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations.

If by reason of labor dispute, strikes, inability to obtain labor or materials, fire or fire or other action of the elements, accidents, war or telecommunications failure, customs, governmental restrictions or appropriation or force majeure other than control of the party, such party is unable to perform in whole or in part its obligations set forth in this TC, then such party shall be relieved of all liability to any other party. The party subject to an event of force majeure shall use good faith efforts to comply as closely as possible with the provisions of this TC and to avoid the effects of such event to the extent possible.

13. Cancellations & Returns. Subject to the Client receiving the order acknowledgement, the Client will be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services.
