Overview

The mission of North American Spine Society Open Access Journal (NASSJ) is to promote knowledge and advance spine care. As the open access spine journal of the North American Spine Society, NASSJ aims to facilitate the dissemination of knowledge about clinical care, research, and education more effectively and efficiently by leveraging the open access platform and electronic media interfaces. The journal has been established as a multidisciplinary, peer-reviewed, international, open access, electronic journal that publishes peer-reviewed research, critical reviews, editorials, and exchanges related to the spine surgery and spine care.

Contact your sales representative for all digital advertising rates and opportunities.
2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the invoice or order confirmation. The terms and conditions of sale of the Products and/or Services set out in the TC and any variations from these terms and conditions which are agreed in writing by Elsevier and the Client shall prevail over any other terms and conditions contained in any purchase order or acknowledgement of order issued by the Client or any other document issued by the Client.

3. Offer and acceptance/ Description Except where explicitly agreed by Elsevier in writing, orders shall only be accepted by Elsevier in writing and the Client shall not rely on any information or service given orally or by telephone or email unless Elsevier authorizes the Client to take such action.

4. Modification and execution of order Any modifications to the agreed product or service description, budget, schedule or in any other way in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule as Elsevier's discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, and to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performances of the Products and Services are intended to be an estimate and time for delivery/performance shall not be made of the essence by either party. If no date is so specified delivery/performance will be made as soon as practicable.

5. Prices, terms and currencies Unless otherwise agreed by Elsevier in writing the prices for the Products and Services shall be the prices set out in Elsevier's current price list (whether print or online). All such prices shall be exclusive of any handling, packing, loading, freight, transport and insurance charges unless otherwise agreed in writing, and shall be exclusive of any taxes, import duties or other taxes imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, the Client shall provide to Elsevier Client's VAT registration number or other evidence of tax exemption to Elsevier at the time of placing its order. If, under the laws of the territory in which Client is selling the Products, the Client is required to withhold any tax on the price payable to Elsevier under the TC, then the Client shall deduct and remit such tax in accordance with the relevant laws of the Client's country. Any amounts actually remitted to Elsevier to discharge the Client's tax obligations shall be deducted from the amount due to Elsevier.

6. Payment Unless otherwise agreed in writing, payment shall be effected within thirty (30) days of the invoice date in the currency of the applicable invoice. Invoices shall be payable in the currency of the Client's domicile. Invoices will be issued by Elsevier in accordance with its then applicable policies as to the payment of invoices. All financial transactions must be settled in the currency of the applicable Elsevier invoice. The Client will be solely responsible for its own costs for complying any foreign-exchange-related provisions in the country that the payment is being made.
