Arthroscopy, Sports Medicine, and Rehabilitation

Overview

Arthroscopy, Sports Medicine, and Rehabilitation (ASMAR) is an open access journal that aims to peer review and publish clinical and basic science articles of interest to health care providers and scientific researchers. Brought to you by the same editorial team as Arthroscopy and Arthroscopy Techniques, ASMAR broad in scope and covers topics ranging from arthroscopic and related to surgery to orthopaedic and primary care sports medicine, physical therapy and rehabilitation, athletic training, musculoskeletal imaging, economic and large database analyses and public health.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order confirmation, form the entire agreement between the parties (the "TC"). Nothing in the TC shall preclude Elsevier from entering into additional agreements with the Client.

2. Offer and acceptance

3. Execution and modification of the order
Any modifications to the agreed product or service description, budget, schedule or set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion.
