1.1. Applicability

These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties ('the TC').

2. Offer and acceptance/ Description

Offer to purchase the Products and/or Services presented by Elsevier shall be deemed an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. For all Client orders, the Client is accepted to subject to availability of the ordered products. Unless otherwise expressly agreed by Elsevier in writing, the Client represents and warrants that it is purchasing Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for personal use.

3. Execution and modification of the order

Any modifications to the agreed product or service description, budget, schedule, or any other provision in the order may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall not be responsible for incomplete, inaccurate, or unprofessional performance of the Services, or any failure to deliver any Services in accordance with the TC.

4. Prices, taxes and currencies

Shipping, handling, freight, and insurance charges are not included in the price unless otherwise specified in the TC. All such charges shall be the exclusive responsibility of the Client. The Client is responsible for all taxes, duties, and tariffs fees levied on the Products or Services, as applicable, and for paying any such fees, duties, and tariffs. In certain circumstances, all fees, duties, and taxes (including but not limited to VAT, sales tax, and customs duties) are payable outside of the Client’s country, in which case the Client is responsible for all such fees, duties, and taxes. The Client shall indemnify Elsevier for all such costs and expenses and shall keep Elsevier indemnified against all loss, damages, actions, suits, costs, expenses, or liabilities incurred by Elsevier in connection with the requirement to deduct or pay any additional amounts under any such law.

5. Payment

Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the date invoice is issued. Failure to pay the invoice shall not be construed as a waiver of any of Elsevier’s rights under the TC. Elsevier may assign, delegate, or subcontract all or any part of its obligations under the TC and any rights arising out of the TC to third parties. The Client will be responsible for all costs and expenses of enforcing any payment against the Client, including all legal and other costs and expenses incurred in connection therewith, and the Client shall indemnify Elsevier for all such costs and expenses.

6. Liability and claims

Acceptance of the Products and/or Services will constitute acceptance of the provisions of the TC. Any breach of any provision of the TC will not be deemed to result in any reduction of the rights of Elsevier under the TC. Failure or delay by Elsevier in exercising or enforcing any of its rights will not be construed as a waiver of any of its rights under the TC. The Client shall promptly notify Elsevier if it becomes aware of any breach of the TC or if the Client becomes aware of any facts or circumstances which may give rise to a right to terminate the TC.

7. Force majeure

If by reason of labor disputes, strikes, inability to obtain labor or materials, fire or other cause beyond the control of the Client, accidents, war or international war, or any other cause beyond the control of the Client, or the Client is unable to perform in whole or in part its obligations set forth in this TC, then such party shall be relieved of its obligations under the TC and such inability to perform shall not make such party liable to any other party. The party subject to an event of force majeure shall give prompt notice in writing to the other party.

8. Discretion

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates. The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations, and industry standards relevant to its duties, obligations and performance under this TC.

9. Audit

The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations and industry standards relevant to its duties, obligations and performance under this TC. The Client shall be responsible for all costs and expenses of enforcing any payment against the Client, including all legal and other costs and expenses incurred in connection therewith, and the Client shall indemnify Elsevier for all such costs and expenses. The Client agrees that the Client is not in breach of this TC and that the Client is not in default with respect to any applicable law.

10. Assignment

The Client is not permitted to assign, subcontract, or delegate all or any part of its obligations or rights under this TC without the prior written consent of Elsevier. The Client shall provide Elsevier with all information reasonably required by Elsevier in order to determine whether to approve the assignment, subcontract, or delegation.

11. Termination

Either party may terminate the TC at any time upon written notice to the other party. On termination of the TC, the Client shall cease to use the Products or Services and shall forthwith pay all amounts outstanding under this TC. The Client shall promptly deliver to Elsevier the Products and Services in good working order and condition and in the conditions and state of such Products or Services as agreed in the relevant order. The Client shall be responsible for the costs and expenses incurred by Elsevier in returning the Products and Services to Elsevier. No expired or obsolete products shall be returned to Elsevier.

12. Compliance with laws

The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations and industry standards relevant to its duties, obligations and performance under this TC. The Client shall at all times comply with all applicable laws, ordinances, codes, regulations and industry standards relevant to its duties, obligations and performance under this TC. The Client shall at all times comply with all applicable laws, ordinances, codes, regulations and industry standards relevant to its duties, obligations and performance under this TC.
