JACC: Basic to Translational Science

Overview

JACC: Basic to Translational Science, an open access journal, serves as a forum for advancing the field of Translational Cardiovascular Medicine, and as a platform for accelerating the translation of novel scientific discoveries into new therapies that improve clinical outcomes for patients affected with or at risk for Cardiovascular Disease. Thematic areas of interest include preclinical research; clinical trials; personalized medicine; novel drugs, devices, and biologics; proteomics, genomics and metabolomics; and early phase clinical trial methodology.

2. Offer and acceptance/ Description

Each order for the Products and Services by the Client from Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement or acceptance of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. For all Client orders, Elsevier are acceptable to subject to the terms of the TC and an invoice is sent to the Client. Unless otherwise expressly agreed by Elsevier in writing, the Client represents and warrants that it is purchasing Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the Client is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for personal use. Client acknowledges that violation of this representation and warranty will cause impassable harm to Elsevier. Upon any violation of this representation and warranty, Elsevier shall be entitled to immediate injunctive relief requiring Client to discharge all recipients of Elsevier's Products and Services from Client, including all actual recipients that have not previously been properly identified by Client. Elsevier shall use commercially reasonable efforts to comply with descriptions of the Products and Services agreed by both parties in the relevant order, including such things as format, printing processes, density of print, size and kind of address file, weights and the like. All drawings, descriptive matter, specifications and advertising caused by Elsevier or any descriptions or illustrations contained in Elsevier's catalogues or brochures are issued or published for the sole purpose of giving an approximate description of the Products and Services described in them. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for rejecting delivery or, as the case may be, making the Client liable for any undisputed part of such invoice. Elsevier shall be entitled to demand payment in advance and may withhold supply of the Products or Services under the TC until such advance payment has been received. Where the Client is indebted to Elsevier for any other Product or Service, a Particulars of force majeure shall use good faith efforts to comply as closely as possible with the provisions of this TC and to avoid the effects of such event to the extent possible.

3. Execution and modification of the order

Any modifications to the agreed product or service description, budget, or schedule set out in the order in the advertisement, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier renders additional services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate in time and delivery/performance shall not be made of the essence by notice. If no dates are so specified, delivery/performance will be within a reasonable time.

4. Prices, taxes and currencies

Unless otherwise agreed by Elsevier in writing, the prices for the Products and Services shall be set out in Elsevier's current price list (whether print or online). All such prices shall be exclusive of any handling, packing, loading, freight, insurance, transportation and transaction charges unless otherwise agreed in writing, and shall be exclusive of any taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as applicable. Where appropriate, Elsevier shall provide to Elsevier's Client's VAT registration number or other evidence of tax exemption to Elsevier at the time of placing an order. If, under the laws of the territory in which Client is selling the Products, the Client is required to withhold any tax on the payment of the price of the Products and Services, the amount actually netted to Elsevier is the full amount agreed in the TC and the Client shall pay to Elsevier any withheld tax at the time of payment. The Client shall be responsible for obtaining and maintaining, at no cost to Elsevier, all licenses or other governmental permits necessary to enable Elsevier to have those Products and Services delivered to the Client.

5. Payment

Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency stated. Time for payment shall be of the essence. Elsevier may set any credit limits for any Client account and shall be entitled to refuse to supply any Client who has exceeded its current credit limit. Legal and beneficial title in any tangible Products supplied by Elsevier to the Client shall remain with Elsevier until Elsevier has received in full (net of cleared funds) all sums due to it in respect of the Products and all other sums which are or become due to Elsevier from the Client on account of any order.

6. Distribution

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products or Services of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products or Services by the Client. The Client is solely responsible for collecting from its customers amounts due in respect of its sale of the Products, exercising full control and shall keep fully of any losses from any uncollected amounts. Delay or failure in obtaining such payments shall not relieve the Client of its obligation to make payments to Elsevier under clause 5.

7. Audit

The Client shall allow Publisher's authorized representative at any reasonable time to have access to Client's premises (or to other relevant premises) for the purpose of inspecting Client's facilities, books and records to verify Client's compliance with the TC. Elsevier reserves the right to have access to other relevant premises to have access to other relevant premises to verify Client's compliance with these terms and conditions and the charges have been agreed upon. The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations. Force majeure shall use good faith efforts to comply as closely as possible with the provisions of the TC and to avoid the effects of such event to the extent possible.

8. Liability and claims

To the maximum extent permitted by relevant laws, Elsevier shall not be liable for any of the following losses which may arise by reason of breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind imposed on Elsevier by operation of law: (a) loss of anticipated profits or expected future business; (b) damage to reputation or goodwill; (c) any damage, costs or expenses payable by Elsevier to any third party; (d) any loss of order or contract; or (e) any loss that was not foreseeable by the Client. The Client shall release and indemnify Elsevier from and against all claims, demands, suits, actions and proceedings of any kind whatsoever, and all expenditures, costs and expenses incurred by Elsevier in the course of defending or settling any such claim.

9. Force majeure

If the Client cancels an order either fully or partially, a cancellation fee may be charged. All cancellations must be made in writing by the Client. This fee will be calculated to cover any external or internal costs which have been incurred or committed up to and including the date of cancellation.

10. Advertising & Reprints

The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations. Force majeure shall use good faith efforts to comply as closely as possible with the provisions of the TC and to avoid the effects of such event to the extent possible.
