Overview

About Molecular & Cellular Proteomics

Molecular & Cellular Proteomics (MCP) is the preeminent online journal at the forefront of proteomics, protein synthesis and bioinformatics publishing. MCP features a robust collection of methods and technology papers. MCP readers are a target audience for computational analysis tools and proteomics research equipment and reagents advertisements. Readers include researchers and clinical investigators worldwide in:

- Bioinformatics
- Computational Biology
- Drug Discovery
- Molecular and Cellular Biology
- Protein Chemistry
- Protein Synthesis
- "-omics" research

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability
These terms and conditions shall apply to all proposals, offers and agreements made by and between any third party or its agent or principal ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC"). They supersede any previous understandings between the parties.

2. Offer and acceptance
Described in the order of delivery shall be supplied by Elsevier to the Client subject to the terms of the TC. An offer placed by the Client shall be deemed accepted unless written acknowledgment of order is received by Elsevier or Elsevier delivers the items or issues the invoice to the Client or commences performance of the Services for the Client. If any of the terms of delivery are not agreed upon in writing, the terms of delivery shall be those agreed to by the parties in the order of delivery.

3. Execution and modification of order
Unless otherwise agreed in writing, no order for the delivery or performance of the Services is intended to be an offer for sale and no order for the delivery of the Products shall be construed as a contract.

4. Prices, taxes and currencies
Unless otherwise agreed by Elsevier in writing, the prices for the Products or Services stated in the TC are exclusive of any value added tax or any other tax levied on similar goods or Services. If any such tax is levied on the supply of any Product or Service supplied under the TC, the Client shall pay such tax to Elsevier when the Client pays for the Products or Services.

5. Payment
Payment shall be within thirty (30) days from the date of invoice. Full payment must be received before any delivery of the Products or Services by Elsevier. No discounts or credits will be granted for any failure to meet the terms of payment unless otherwise agreed in writing.

6. Distribution
The Client is responsible for the proper solicitation of the Products or any other products of Elsevier or its affiliates and for the provision of space in the media specified in the order. Elsevier shall have full discretion to determine if the proper solicitation of the Products or any other products of Elsevier is fair and reasonable and if the order of the Products or any other products of Elsevier has been properly solicited.

7. Intellectual property
Elsevier shall own all intellectual property rights in the Products or Services. The Client shall not use, sell, distribute, or otherwise make available any of the Products or Services in a manner that would violate any intellectual property rights of Elsevier or any other third party.

8. Liability and claims
The Client is solely responsible for collecting any sums due and owing to Elsevier from any party other than Elsevier and shall indemnify Elsevier for any losses, damages, costs, expenses, or liability arising out of or in connection with its failure to pay any sums owed to Elsevier.

9. Force majeure
Any party may terminate the TC if any of them is prevented from performing its obligations under the TC as a result of force majeure or any other event or occurrence which neither party has caused and which neither party could reasonably have foreseen and which could not reasonably have been avoided.

10. Audit
The Client shall be entitled to conduct an audit of Elsevier's accounts and books at any time and place, and atElsevier's sole expense, to ensure that Elsevier is complying with the terms of this TC.

11. General
The Client agrees to comply with all applicable laws, regulations, and industry codes or practices. The Client acknowledges that any violation of these terms and conditions may result in legal or other consequences.

12. Governing law
The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the jurisdiction of any court, tribunal, or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, unenforceable or inoperative to the extent that it is not permissible or binding under the law of the corporate domicile of Elsevier company which is providing the Products or Services.

13. COMPLIANCE WITH LAWS
The Client must ensure that all advertising content and/or any promotional material is in compliance with all applicable laws, regulations, and industry codes or practices. The Client acknowledges that any violation of these terms and conditions may result in legal or other consequences.
