2. Applicability

These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). The TC supersedes any previous terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services set out on the Order Form. Any such products and services delivered in accordance with the TC and any terms and conditions included therein shall be deemed to be satisfactory unless the Client so notifies Elsevier in writing and signed by an authorised signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where the Products are sold to the Client that contain third party product or software such sale may be subject to additional licence terms.

3. Offer and acceptance

Descriptive terms and conditions of supply

Ellevier shall be deemed to be offered by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acceptance of order is issued by Elsevier or (if earlier) Elsevier delivers the products or issues the invoice to the Client or commences performance of the Services. For all other products Elsevier are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed by Elsevier in writing, the Client represents and warrants that it is purchasing Products from Elsevier for its own use and account and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for personal supply. Client acknowledges that violation of this representation and warranty will cause irremediable harm to Elsevier. Upon any violation of this representation and warranty, Elsevier shall be entitled to immediate injunctive relief requiring Client to discharge all recipients of the Products from Elsevier, including all actual recipients that have not previously been properly identified by Client. Elsevier shall use commercially reasonable efforts to comply with descriptions of the Products and Services agreed by both the parties in the relevant order, including such things as format, printing, design, technique and size and kind of address file, style and the like. All drawings, descriptive matter, specifications and advertising issued by Elsevier and any descriptions or illustrations contained in Elsevier’s catalogues or brochures are issued solely as published for the sole purpose of giving an approximate description of the Products and Services described in them. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characterisation of the Products and Services, cannot be considered a reason for repudiation or rescission, as the case may be, of the agreed price.

5. Payment

Suspension or termination of the Agreement

Any modifications to the agreed product or service description, budget, or schedule, or any failure or delay in the performance of any part of the TC, may result in an adjustment to the final price and/or delivery schedule at Elsevier discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, and to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate and time/deliveries shall not be made of the essence by nature. If no dates or specified, delivery/performance shall be within a reasonable time.

6. Distribution

Any force majeure shall be limited in accordance with these terms and conditions and the charges have been agreed accordingly. The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations.

7. Force majeure

The Client shall at all times in respect of any actions, reproduction, or plagiarisation of the Products or any other products or Elsevier’s or its affiliates, shall not be in any way or manner or for any reason or cause, directly or indirectly, indemnify any other party for those actions in those enterprises.

8. Non-transferability

The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations, and orders (jointly “Applicable Laws” or “Laws”) relevant to its duties, obligations and performance under this Agreement, including the RELX Suppliers Code of Conduct and Applicable Laws that are enforced internationally (such as the United States Foreign Corrupt Practice Act and the UK Bribery Act) and those enforced in the country where business is being conducted or the Client’s place of business. Client and its officers, directors, employees and agents shall engage only in legitimate business and ethical practices in commercial operations and in relation to dealings with any employee or official of the Client or any agent or other person in connection with the performance of the Client’s obligations (including, without limitation, state run universities, hospitals and legislatures, or political parties or candidates jointly “Government Official”). Neither the Client nor any of its officers, directors, employees or official staff shall, give, offer, promise or give the payment, directly or indirectly, of any bribes or any other form of remuneration, in any form of value to any commercial contact or Government Official for the purpose or intent to induce such person to use his/her influence to impact his/ her official action in connection with any matter or business transacted by or on behalf of Elsevier. The Client shall at all times comply with all relevant anti-corruption laws and regulations. The Client shall at all times comply with all relevant anti-bribery laws.

9. Compliance with laws

The Client shall at all times in respect of any actions, reproduction, or plagiarisation of the Products or any other products or Elsevier’s or its affiliates, shall not be in any way or manner or for any reason or cause, directly or indirectly, indemnify any other party for those actions in those enterprises.

10. Change of use
