Overview
The Genetics in Medicine journal's mission is to enhance the knowledge, practice, and understanding of medical genetics and genomics through publications in clinical and laboratory genetics and genomics, including ethical, legal, and social issues as well as public health. As genetics and genomics continue to increase in importance and relevance in medical practice, the journal will be an accessible and authoritative resource for the dissemination of medical genetic knowledge to all medical providers through appropriate original research, reviews, commentaries, standards, and guidelines.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability

These terms and conditions shall apply to all offers, proposals, agreements made between Elsevier and any third party or its agent ("the Client") relating to the products and/or Services ("the Products and/or Service") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They supersede any previous communications between the parties.

2. Offer and acceptance

Every order for the Products and Services from the Client shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier or Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. All orders are subject to Elsevier's order acknowledgement in respect of the products and services to be provided.

3. Liability and claims

In no event shall Elsevier be liable to the Client for any indirect, special, incidental, or consequential damages or losses of any kind, including, but not limited to, lost profits, lost savings, or lost business, even if Elsevier is aware of such damages, and regardless of whether Elsevier is advised of their possibility. In such event, the Client may either (i) publish alternative Advertising Content in consultation with the Client or (ii) supply a substitute for the Advertising Content. Elsevier may not be liable for any delay in the performance of its obligations under the TC caused by any uncollected amount.

4. Intellectual property rights

Copyright and other intellectual property rights to all Elsevier proposals, publications and other products of or on behalf of Elsevier shall remain with Elsevier unless otherwise agreed in writing. The Client shall ensure that the Client's use of the products and/or services shall be in accordance with all laws, regulations, guidelines and requirements that are applicable.

5. Force majeure

The provision of the Products and/or Services by Elsevier shall be subject to all applicable laws, regulations, guidelines and requirements that are applicable, including, without limitation, to the extent applicable, the ABRA Paper Act and related state laws and regulations, and foreign laws.

6. Distribution

The Client shall engage proxies, reproduction or plagiarism of the Products or any other products of Elsevier as its own and shall not employ any third party to engage in those activities.

7. Intellectual property

Copyright and other intellectual property rights to all Elsevier proposals, publications and other products of or on behalf of Elsevier shall remain with Elsevier unless otherwise agreed in writing. The Client shall ensure that the Client's use of the products and/or services shall be in accordance with all laws, regulations, guidelines and requirements that are applicable, including, without limitation, to the extent applicable, the ABRA Paper Act and related state laws and regulations, and foreign laws.

8. Liability and claims

In no event shall Elsevier be liable to the Client for any indirect, special, incidental, or consequential damages or losses of any kind, including, but not limited to, lost profits, lost savings, or lost business, even if Elsevier is aware of such damages, and regardless of whether Elsevier is advised of their possibility. In such event, the Client may either (i) publish alternative Advertising Content in consultation with the Client or (ii) supply a substitute for the Advertising Content. Elsevier may not be liable for any delay in the performance of its obligations under the TC caused by any uncollected amount.

9. General and modification of the order

This agreement and any orders or purchase orders for the Products are based on the terms of conditions of purchase and delivery, as if the Client is an authorized retailer and business, which is intended to be an agreement of a limited duration and shall not be extended beyond the usual business terms.
