Overview

The Genetics in Medicine journal’s mission is to enhance the knowledge, practice, and understanding of medical genetics and genomics through publications in clinical and laboratory genetics and genomics, including ethical, legal, and social issues as well as public health. As genetics and genomics continue to increase in importance and relevance in medical practice, the journal will be an accessible and authoritative resource for the dissemination of medical genetic knowledge to all medical providers through appropriate original research, reviews, commentaries, standards, and guidelines.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability

These terms and conditions shall apply to all proposals, offers, and agreements made by and between Elsevier and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC"). They supersede any previous agreements, proposals, or understandings between the parties.

2. Offer and acceptance/ Description

Each order placed by the Client shall form a contract and shall only be effective if it is written and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation.

3. Execution and modification of the order

Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier reads additional notes in connection with the relevant TC, Elsevier shall so note the additional commitment.

4. Prices, taxes and currency

Unless otherwise agreed by Elsevier in writing the prices for the Products and Services subject to any TC shall be exclusive of any taxes, duties, or other levies imposed on the sale or supply of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. When applicable, Elsevier shall provide to the Client VAT registration number or other identification number of the country to which the Client is subject.

5. Payment

Payment does not include a payment of reasonable and bona fide expenditures, such as travel or lodging expenses, which are otherwise agreed in writing, by Nothing in the TC shall be construed as creating an obligation to indemnify the other party against the other party’s own negligence or willful default or death or personal injury...

6. Distribution

The Client is solely responsible for collecting its customer’s data amount in respect of its sales of the Products, and, in respect of any unsold products, to make payment to Elsevier under the terms and conditions of the relevant TC and to avoid the effects of such event to the extent possible.

7. Intellectual property

All rights in a product or Service under any other order, Elsevier reserves the right to withhold supply of the Products or Services for a period of six months from the date of receipt of written notice of cancellation by Elsevier. The rights in a product or Service under any other order cannot be considered a reason for rejecting delivery or, as the case may be, modifying the agreed price.

8. Liability and claims

Notwithstanding the provisions of this TC and to avoid the effects of such event to the extent possible.

9. Force majeure

In the event of any breach of this TC by Elsevier, the Client may have the right to modify the space or alter the date or position of insertion or make any other alteration, the Client will have the right to require the modification to be made within a reasonable time.

10. Advertising & Reprints

The Client shall exercise due care and diligence in the protection of the Confidential Information of Elsevier and of any other information or matter to which Elsevier has an obligation of confidentiality under the TC and to avoid the effects of such event to the extent possible.
