1. Applicability

These terms and conditions shall apply to all offers, proposals and agreements made between the TC and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entirety of the agreement between the parties ("the TC"). They supersede any previous order acknowledgment and/or purchase order, unless otherwise expressly agreed by Elsevier in writing.

2. Offer and acceptance

The Client shall be deemed to have accepted the TC on the due date of payment for the Products and/or Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier.

3. Execution and modification of the order

Any modifications to the terms and conditions of the order, the description of the Products or Services, the budget and/or schedule, as set out in the TC or Elsevier order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier renders additional services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the Client's risk.

4. Prices, taxes and currencies

Prices are quoted in the currency of the applicable Elsevier invoice. The Client will be solely responsible for the full cost of delivering any foreign-exchange-protected orders that are not satisfied by that currency, without limitation on all bank charges and foreign exchange charges.

5. Payment

Unless otherwise agreed by Elsevier in writing, payment shall be effected within thirty (30) days of the invoice date in the currency mentioned. In the event of any breach of condition, the invoice price shall be increased by the amount of any such breach as such breaches may be determined and agreed upon by Elsevier. The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate or allow others to engage in those activities. The Client shall promptly notify Elsevier of any breach of any piracy, reproduction, or plagiarism of the Product(s) by any third party. The Client shall be solely responsible for collecting from its customers and shall pay the invoice price in full, including all costs and expenses, whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Client has a valid court order requiring an amount equal to such deduction to be paid to Elsevier from the Client. The due date of the invoice to the date of full payment is in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount. If Elsevier indicates that full payment is due in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount. The Client shall not engage in those activities. The Client shall promptly notify Elsevier of any breach of any piracy, reproduction, or plagiarism of the Product(s) by any third party. The Client shall be solely responsible for collecting from its customers and shall pay the invoice price in full, including all costs and expenses, whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Client has a valid court order requiring an amount equal to such deduction to be paid to Elsevier from the Client. The due date of the invoice to the date of full payment is in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount. If Elsevier indicates that full payment is due in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount.

6. Distribution

All payments due under the TC without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Client has a valid court order requiring an amount equal to such deduction to be paid to Elsevier from the Client. The due date of the invoice to the date of full payment is in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount. If Elsevier indicates that full payment is due in full, interest in the rate of 5% shall be charged to the Client for any such overdue amount. The Client shall promptly notify Elsevier of any breach of any piracy, reproduction, or plagiarism of the Product(s) by any third party. 7. Intellectual property

Products and Services are agreed by both parties in the relevant order, including such things as format, printing processes, technical design, size and/or of address, weight, and the like. All drawings, descriptive matter, specifications and advertising material provided by Elsevier, and Elsevier's descriptions, catalogues or brochures are issued as if prepared for the sole purpose of giving an approximate description of the Products and Services described therein. They will form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for retearing delivery or, as the case may be, modifying the agreed price.

8. Force majeure

Nothing in the TC shall be construed as creating an obligation to indemnify the other party against the other party's own negligence or death or personal injury resulting from the negligence of any of Elsevier's employees or other parties for whom Elsevier is legally responsible.

9. Audit

In such event, Elsevier may either (i) publish alternative Advertising Content in consultation with the Client or (ii) cancel the TC. Elsevier shall act in the name of, to the account of, and at the Client's risk.
