Laboratory Investigation

Overview

Laboratory Investigation is an international journal owned by the United States and Canadian Academy of Pathology. Laboratory Investigation offers prompt publication of high-quality original research that advances the understanding and classification of human disease. Laboratory Investigation’s scope encompasses research and reviews that elucidate the pathogenesis or classification of human disease, including original mechanistic or correlative studies that translate experimental, observational, computational, or technologic research findings.

1. Applicability
The terms and conditions applicable to this offer of products and services are subject to the circumstances of supply at any time and third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). These terms supersede any previous terms and conditions of Elsevier for the supply of Products and Services. Any variation to the TC and any representations about the Products and Services shall be effective only upon expressly agreed in writing and signed by an authorised signature of Elsevier. Nothing in the TC will be construed or deemed to exclude or restrict Elsevier’s Liability for fraudulent misrepresentation. When Products are sublicensed to third party partners or software such clause may be subject to additional terms.

2. Offer and acceptance / Description
Each product or service description, budget is subject to the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional

3. Execution and modification of the order
Any modifications to the order for the products or description, budget is subject to the order acknowledgement, shall be effective only upon expressly agreed in writing and signed by an authorised signature of Elsevier. Any representations about the Products and Services shall be effective only upon expressly agreed in writing and signed by an authorised signature of Elsevier. Nothing in the TC will be construed or deemed to exclude or restrict Elsevier’s Liability for fraudulent misrepresentation. When Products are sublicensed to third party partners or software such clause may be subject to additional terms.
