JACC: Case Reports

Overview

JACC: Case Reports is one of a family of specialist journals launched by the renowned Journal of the American College of Cardiology (JACC). It provides an educational platform for promoting clinical cases and clinical problem solving. It accepts everyday educational or rare clinical cases, well described and with clear learning objectives, from across the field of cardiovascular medicine. The journal aims to serve as a publication vehicle for early career cardiologists and members of the cardiovascular care team, and as a forum for mentorship on the review and publication process.

1. Applicability

The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the jurisdiction and venue of the courts of the judicial district of New York, and any related proceedings before a federal court of the United States with jurisdiction, for any dispute or controversy arising out of or relating to this TC or the formation, existence, construction, performance, validity and all aspects of this TC. A party to this TC may bring any action, suit or proceeding against the other party to the extent permitted by law in any court of competent jurisdiction located in the judicial district of New York, or, where applicable, before any other court of competent jurisdiction where either party resides or conducts business in its usual course. Such courts shall have exclusive jurisdiction, in personam and in rem, over the parties and the matter in controversy. Nothing herein shall be construed to preclude Elsevier from bringing an action or proceeding against the Client in any other court where Elsevier may lawfully bring such action or proceeding.

2. Effective date

This TC becomes effective as of the date on which the Client’s order for Products or Services is accepted by Elsevier. If the Client shall have previously agreed to accept the TC or the order shall be accepted by Elsevier or the Client shall cease to have any rights or obligations under this TC, the Client’s failure to object to any breach of this TC by Elsevier shall not constitute a waiver of the Client’s rights or a modification of this TC. This TC may be amended or modified by a written agreement signed by the Client and Elsevier. Any variation to the TC and any additional or supplementary agreement or terms must be in writing and signed by an authorized signatory of Elsevier. Nothing in the TC shall be considered an offer to extend any current rights or obligations. The Client’s use of Products or Services provided by Elsevier under this TC is subject to the Client’s purchase or lease agreement with Elsevier or any authorized representative of Elsevier. The Client acknowledges and agrees that the Client’s right to use the Products or Services provided by Elsevier is subject to the Client’s compliance with the terms and conditions of this TC.

3. Execution and modification of the order

Each order for the Products and Services by the Client from Elsevier shall be deemed to be an offer by the Client to Elsevier to purchase the Products or Services and an acceptance of the terms and conditions of this TC. The Client shall provide Elsevier with complete and accurate information of the order, including, without limitation, the name of the Client, the name of the authorized signatory of the Client, the name and address of the contact person, the name and address of the contact person’s employer, the position and function of the contact person, the e-mail address and telephone number of the contact person, and any other information that Elsevier may reasonably require to process the order.

4. Payment

All payments for the Products and Services shall be made in full, with all amounts due and payable to Elsevier in the currency of the applicable Elsevier invoice. No payment shall be deemed to have been received by Elsevier until Elsevier has received the full amount for the Products and Services. Any amount not paid when due shall bear interest at the lesser of the then applicable prime rate or the highest rate permitted by law, from the date of the due date of the invoice until the date of payment. All sums due and payable hereunder shall be paid in legal tender of the country of the Client’s corporate domicile or, if applicable, the country of the Client’s headquarters.

5. Delivery

Unless otherwise agreed in writing, delivery shall be within thirty (30) days after the invoice date or, if applicable, any agreed date for delivery.

6. Return

The Client may return the Products or Services at the Client's expense, if the Client shall have notified Elsevier of the return within five (5) days after receipt of the Products or Services. Elsevier may charge the Client reasonable and bona fide expenditures, such as travel or lodging expenses, which are directly related to the return of the Products or Services.

7. Intellectual property

The Client acknowledges that Elsevier or its licensors, suppliers or service providers own the intellectual property rights associated with the Products or Services. Elsevier grants the Client a non-exclusive, non-transferable, limited right to use the Products or Services for the Client’s own internal business purposes as expressed in this TC. The Client acknowledges that Elsevier retains all ownership of the Products or Services, and the Client shall not copy, reverse engineer, decompile, disassemble, modify, republish, distribute, transmit, publicly perform, publicly display, sublicense, sell, lease, loan, license, rent, offer to rent, transfer, or otherwise make available any copy of the Products or Services, except as permitted by applicable law or as otherwise permitted in writing by Elsevier. The Client acknowledges that Elsevier reserves all rights not expressly granted to the Client under this TC. The Client agrees that it will not copy or otherwise reproduce any of the Products or Services, in whole or in part, which constitute a work of authorship, including, without limitation, words, software, data, images, audio, video, sound, music, artwork, or other intellectual property.

8. Liability and claims

TO THE MAXIMUM EXTENT PERMITTED BY RELEVANT LAWS (i) Elsevier shall not be liable for any of the following losses which may be incurred or suffered by the Client or any third party in respect of third party claims made against the Client or any third person arising out of or in connection with a breach of this TC by Elsevier (including (without limitation) any death or personal injury to any person, loss of profit, loss of business, loss of anticipated savings, loss of business opportunity, loss of reputation, loss of goodwill, loss of future earnings or revenue, loss of position or status, loss of contracts or profits or the fragility of any anti-discrimination law or regulation, or any other right of any person or entity; (iii) Advertising Content or any part thereof. This exclusion shall not apply to the extent that Elsevier is liable for personal injury or death to the extent permitted by applicable law. This exclusion shall not apply to the extent that Elsevier is liable for personal injury or death to the extent permitted by applicable law. This exclusion shall not apply to the extent that Elsevier is liable for personal injury or death to the extent permitted by applicable law.
