2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). They supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the TC and the Client shall mean the party to whom the Products or Services have been supplied.

3. Price and Terms Unless otherwise agreed by Elsevier in writing, the Client shall pay the price/rates set out in Elsevier’s current price list (whether print or online). All such prices shall be exclusive of any handling, packing, loading, freight, insurance, value added tax, or other like fees or charges both internal or external to Elsevier, unless otherwise agreed by Elsevier in writing. The Client represents and warrants that it is purchasing Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products or Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for personal use.

4. Payment and modification of the order Any modifications to the agreed product or service description, budget, schedule or set out in or out the order acknowledgement, may result in an adjustment to the final price or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act as the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products or Services are intended to be an estimate and time for delivery/performance shall not be made of the essence by notice. If no date is so specified, delivery/performance will be made at Elsevier’s option.

5. Payment Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency of the TC. Time payment shall be of the essence. Elsevier may set any credit limits for any Client account and shall be entitled to refuse to supply any Client who has exceeded its current credit limit. Legal and beneficial title in all tangible Products supplied by Elsevier to the Client shall remain with Elsevier until Elsevier has received in full (in cash or cleared funds) all sums due to it in respect of the Products and all other sums or which are or which become due to Elsevier from the Client on account of any Client. The Client may not resell, sell on or otherwise dispose of the Products until the Client has paid in full for the Products.

6. Distribution The Client shall not engage in piracy, reproduction, or plagiarising of the Products or any other products or services of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarising of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sales of the Products, exercising full credit control and solely bearing all of its own losses resulting from such uncollected amounts. Defaults or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under clause 9.

7. Intellectual property Copyright and all other intellectual property rights in the Products and Services, and all related components, derivatives, modifications, and updates of the Products and Services shall be owned by Elsevier, unless otherwise agreed by Elsevier in writing.

9. Force majeure Each order for the Products and Services by the Client from Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted unless a written confirmation of order by Elsevier is received by the Client. The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the jurisdiction of the courts of that country for any dispute or claim arising from or relating to the existence, performance or termination of the TC or the TC generally.
