Overview

Cardiovascular Digital Health Journal, a new peer-review, Gold Open Access and bi-monthly journal, is committed to publishing high-quality original clinical and experimental research, review articles, points-of-view, images and short reports contributing to the advancement and adoption of digital technologies in global cardiology and health practice. By bringing together the most important advances in this multidisciplinary field, Cardiovascular Digital Health Journal aims to be a prominent voice and publishing venue in digital health.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability
The terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). Any supplementary terms and conditions as set forth on the relevant Elsevier Rate Card, including the respective “Effective Date” for any such TC, are hereby incorporated into this TC and are an integral part of the TC and any final contract entered into by the Client and Elsevier. To the extent that any provision of the TC or an order acknowledgement is in conflict with any provision of the TC, the provisions of the TC shall prevail. Nothing in the TC will be construed so as to exclude or limit Elsevier’s liability for breach of the applicable undertakings, representations and warranties set out in the TC and any order acknowledgement, except to the extent permitted by law. If any term of this TC is held to be invalid or unenforceable, the remaining terms will continue in full force and effect. Failure or delay by Elsevier in enforcing or exercising any legal or equitable remedy shall not be construed as a waiver of any of its rights under the TC or the order acknowledgement.

2. Offer and acceptance/ Description
None of the TC shall be deemed to constitute a quotation or an offer to sell. It is the Client’s responsibility to ensure that its order is accurate and complete, and that it contains the correct information. In the event of any variation in the information submitted by the Client, Elsevier shall be entitled to invoice the Client for the products/services ordered at the prices and in the quantities indicated in the variation. The Client is solely responsible for checking the accuracy of any advertisement supplied by the Client. Elsevier may terminate this TC at any time in the event of a breach of any of the representations and warranties. Elsevier reserves the right, at any time, to remove any such advertisement from circulation. If the Client is aware of any piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, it shall immediately inform Elsevier of such piracy, reproduction, or plagiarism.

3. Payment and terms of payment
Until the Client has received from Elsevier all properly identified, accepted, and paid for Products or Services and the Client has paid Elsevier all sums due and payable to Elsevier under this TC, the Client shall be under no obligation to pay any sum to Elsevier under this TC, and Elsevier shall be under no obligation to deliver any Products or Services to the Client unless notified in writing by the Client in advance that full payment has been received. Elsevier reserves the right to verify Client’s compliance with the TC. Elsevier shall have the right, at any time, to remove any such advertisement from circulation. If the Client is aware of any piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, it shall immediately inform Elsevier of such piracy, reproduction, or plagiarism.

4. Limitation of liability
This TC is subject to the laws of the location of Elsevier’s head office and to the exclusive jurisdiction of its courts, unless specifically agreed otherwise in writing in the order acknowledgment.

5. Payment
All payments to Elsevier shall be paid in full and in cleared funds unless agreed otherwise by written agreement between the Client and Elsevier. All sums due to Elsevier shall be paid to the account indicated in writing by Elsevier to the Client. All payments shall be made free of commission and all bank charges. No amount shall be deemed paid until Elsevier has received the full amount thereof. In the event of any variation in the information submitted by the Client, Elsevier shall be entitled to invoice the Client for the products/services ordered at the prices and in the quantities indicated in the variation. The Client is solely responsible for checking the accuracy of any advertisement supplied by the Client. Elsevier may terminate this TC at any time in the event of a breach of any of the representations and warranties. Elsevier reserves the right, at any time, to remove any such advertisement from circulation. If the Client is aware of any piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, it shall immediately inform Elsevier of such piracy, reproduction, or plagiarism.

6. Liability and claims
If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, and to the account of, and at the risk of the Client. All costs and charges for any such additional Services shall be paid by the Client promptly on receipt of an invoice therefor. If any provision of the TC is held to be invalid or unenforceable, the remaining provisions will continue in full force and effect. Failure or delay by Elsevier in enforcing or exercising any legal or equitable remedy shall not be construed as a waiver of any of its rights under the TC or the order acknowledgement.

7. Force majeure
If any provision of the TC is held to be invalid or unenforceable, the remaining provisions will continue in full force and effect. Failure or delay by Elsevier in enforcing or exercising any legal or equitable remedy shall not be construed as a waiver of any of its rights under the TC or the order acknowledgement.
