ELSEVIER TERMS AND CONDITIONS OF SUPPLY

1. Applicability
These terms and conditions shall apply to all proposals, offers, agreements made between the Publisher and any third party or its agency (the “Client”) relating to the products and/or services of Elsevier (“the Products and/or Services” and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the “TC”). They supersede any previous agreement between the parties. The Publisher is the company within the Elsevier group that is providing the Products or Services set out in the Elsevier order acknowledgment. Where general terms and conditions of business are proposed by the Client, these shall not apply and the TC shall prevail. Any variation to the TC and any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorized signature of Elsevier. Nothing in the TC will exclude or limit Elsevier’s Liability for fraudulent misrepresentation.

2. Offer and acceptance

3. Price
Any returns of the Products shall be subject to the relevant Elsevier company’s return policy. Details of such policies will be provided to the Client upon request. Reprints cannot be returned once these have been printed.

4. Payment
The Client shall allow Publisher’s authorized representative at any reasonable time to have access to Client’s premises (or such other premises as specified by Elsevier) and within the relevant time limit set by Elsevier (the “Closing Date”). Where access is not conveniently given at all, Elsevier will endeavour to do its best to make alternative arrangements. Publisher reserves the right to charge the Client for the cost of such alternative arrangements.

5. Lieu de Commande/lieu de livraison

6. Distribution
The Client who engages, reproduces or plagiarises the Product on any other products of Elsevier or its affiliates, shall do so in a commercially fair and reasonable manner as to ensure that no party is engaged in activities that could be considered as being commercially unfair or unduly competitive.

7. Intellectual property
