Pediatric Neurology

Overview

Pediatric Neurology presents timely, peer-reviewed clinical and research articles covering all aspects of the developing nervous system. The journal features the latest advances in the diagnosis, management, and treatment of pediatric neurologic disorders. Topics include: epilepsy, mitochondrial diseases, congenital malformations, chromosomopathies, peripheral neuropathies, perinatal and childhood stroke, cerebral palsy, as well as other pediatric neurological disorders. Original and review articles, case reports, brief communications and book reviews are published regularly.
