The Lancet Diabetes & Endocrinology

Overview

*The Lancet Diabetes & Endocrinology* was launched in print and online in September 2013. The journal offers the same unique fast track experience offered by its sister journals for all authors of research papers that are selected for peer review, where articles can be published online within 8 weeks of submission. Timely news, views, research, and reviews in diabetes, endocrinology, and metabolism are published. Topics considered by the journal include: diabetes, obesity, nutrition and metabolism, osteoporosis, adrenal disorders, bone metabolism, growth disorders, lipid disorders, neuroendocrinology, pediatric endocrinology, pituitary disorders, reproductive endocrinology, and thyroid disorders.

Contact your sales representative for all digital advertising rates and opportunities.
1. **Applicability and scope**

Terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent(s) (“the Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). They supersede any previous supply terms and conditions for the purposes of the TC Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out in the Elsevier order acknowledgement.

2. **Execution and modification of the order**

Any variation to the TC and any representations about the Products and Services shall not affect unless expressly agreed in writing and as signed by an authorised signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party product or software such a sale may be subject to additional licence terms.

3. **Intellectual property**

Terms and conditions in respect of the Performance of the TC, Elsevier shall act as in the name of, and on behalf of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate and time for delivery/performance shall not be of the essence as such. The Client shall not be entitled to withhold payment in respect of the TC for any non-compliance with such estimated dates of performance.

4. **Prices, taxes and currencies**

Payment will be automatically increased to fully offset such tax, so that the amount actually remitted to Elsevier, net of all taxes, equates the amount invoiced or otherwise due. The Client will promptly furnish Elsevier with the official receipt of payment of those taxes to the appropriate taxing authority. All financial transactions will be conducted by the applicable Elsevier invoice. The Client will be solely responsible for its own cost of completing any foreign exchange-related procedures in the said territory that are necessary to make payments to Elsevier under the TC, including without limitation all bank charges and foreign exchange charges.

5. **Payment**

The Client shall not be made of the essence by notice. If no dates are so specified, delivery/performance will be within a reasonable time.

6. **Delivery**

The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations. Contracts for the International Sale of Goods shall not apply to this TC or the interpretation or enforcement thereof. Elsevier's liability is to be limited in accordance with these terms and conditions and the charges have been agreed accordingly.

7. **Compliance with law**

Clients and associated parties shall not make such party liable to any other party. The party subject to an event of force majeure shall use good faith efforts to specify reasonable alternatives to the Products and Services, if any, to which it may be ready to provide. Further, any such event of force majeure shall not affect the Client’s obligations under the TC.

8. **Events of force majeure**

The Client acknowledges that Elsevier shall not under any circumstances be made to refund any sums already paid or received, whether in cash or kind, to the Client by Elsevier or any of its Affiliates or supply agents. In particular, the Client acknowledges that it shall not be made liable for any sums already paid or received if they are to performance of the order.

9. **Force majeure**

The Client acknowledges that after the initial formation of the TC, if any significant change shall be made in the information used to determine the final price, Elsevier shall have the right to adjust the price without notice. If the final price is increased, the Client shall be notified of the full amount payable and shall have the option to terminate the TC or continue with the order as originally agreed.

10. **Advertising & Reprints**

The Client shall allow Publisher’s authorized representative at any reasonable time to have access to Client’s premises (or to other relevant premises) for the purpose of inspecting Client’s facilities, books and records to verify Client’s compliance with the terms and conditions of this TC.

11. **Audit**

The Client acknowledges that all Promotions, including, but not limited to, any of the Client’s employees, contractors or agents, who have received any Promotions created or delivered as a result of the TC, shall retain a complete copy of all materials delivered to Elsevier. Elsevier shall take reasonable care, but shall not be responsible for any loss of, or damage to, any material submitted by the Client as contemplated by the TC.

12. **Confidentiality**

The Client acknowledges that any unauthorized reproduction or distribution of the Products or Services, or any part thereof, whether by electronic or other means, shall be deemed a breach of this Agreement and shall entitle Elsevier to legal action against such unauthorized use.
