ELSEVIER TERMS AND CONDITIONS OF SUPPLY

2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the “Client”) relating to the products and/or services of Elsevier (the “products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). They supersede any previous written terms and conditions for the sole purpose of the TC. Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the order acknowledgement or invoice to the Client. The order acknowledgement or invoice shall be deemed to be formed when Elsevier has delivered the products or services to the Client. The order acknowledgement or invoice shall set out the price of the goods and services (excluding any local sales tax) and the relevant delivery times. Any variance to the TC and any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party software such a sale may be subject to additional licence terms.

3. Execution and modification of the order Any modifications to the agreed product or service description, budget, or schedule as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate and time for performance shall not be of the essence by notice. If no dates are specified, delivery/performance will be at Elsevier’s discretion.
