Overview

Veterinary Immunology and Immunopathology publishes high-quality research results on domestic animals, laboratory animals, and other species that are useful to man. A wide range of topics are covered, including fundamental research on animal immune systems; new techniques and developments in veterinary immunodiagnosis; immunogenetics; immunology and immunopathology of parasitic and infectious disease; and clinical immunology in animals.

Contact your sales representative for all digital advertising rates and opportunities.
2. Applicability

These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the ‘Client’) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the ‘Agreement’). The Agreement shall supersede any previous terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the order acknowledgement or any document issued by Elsevier that forms a part of the Agreement. For the purposes of the TC an ‘order acknowledgement’ shall mean any document issued by Elsevier that forms a part of the Agreement, whether in writing or orally.

3. Payment

Payment or other benefit in money or in kind from any person as an inducement or reward for any act or forbearance or in connection with any matter or business transacted by or on behalf of Elsevier. A Prohibited Payment does not include a payment of reasonable and bona fide expenditures, such as travel or lodging expenses, for the purpose of providing assistance in good faith to any person or entity; (iii) Advertising Content complies with any applicable laws, rules, industry codes, regulations and standards; (iv) Client acknowledges that this Agreement is subject to and governed by the laws of the State of New York and any disputes arising hereunder shall be settled in the courts of such State.

8. Liability and claims

(a) The Client shall not be liable for any of the following which may arise by reason of any breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind imposed on Elsevier by operation of law; (b) any loss of anticipated profits or expected future business; (c) any damage to reputation or goodwill; (d) any damages, costs or expenses payable to Elsevier by any third party; (e) any loss of order or contract; or (f) any loss that was not foreseen or reasonably foreseeable by the Client and Elsevier at the time of formation of the TC. The Client shall not be liable for any of these losses or expenses.

9. Distributors

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sales of the Products, exercising full control and safely keeping all of its own losses from any uncollected amounts. Delays or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under clause 5.

10. Advertising & Reprints

If the Client does not dispute the amount of any undisputed part of such invoice. Elsevier shall be entitled, at any time, to demand payment in advance and may refuse to dispatch the Products or perform the Services until such advance payment has been received. Where the Client is indebted to Elsevier for any other Product or Service other than those of this TC, Elsevier reserves the right to withhold supply of the Products or Services under the current order until any outstanding monies have been fully paid. Elsevier shall be entitled to apply any monies received by the Client, to clear any of the Client’s outstanding debts to Elsevier.

11. Applicability

Nothing in this contract shall limit the Client’s existing legal or statutory rights at common law or in equity. Elsevier’s liability for any other loss imputable to it shall in any event be limited to the invoice value of the part of the TC to which the liability arises. To the maximum extent permitted by relevant laws Elsevier expressly excludes any liability for breach of any implied warranty or express warranty to the fullest extent permitted by law. Neither the Client nor any of its employees, directors, employees or agents shall be liable to any person or entity for any indirect, special, consequential, punitive or similar loss or damage, including, but not limited to, lost profits or any failure to anticipate any commercially significant loss or damage, in any event, regardless of the nature of the cause of action, whether based in contract, tort, strict liability or any other legal theory. Nothing in the TC will exclude or limit Elsevier’s liability for death or personal injury resulting from its negligence.

12. Force Majeure

If any party is unable to perform in whole or in part its obligations set forth in this TC, then such party shall be relieved of its obligations for the duration of such event and such inability to perform shall not make such party liable to any other party. The party subject to an event of force majeure shall use good faith efforts to comply as closely as possible with the provisions of this TC and to avoid the effects of such event to the extent possible.

6. Distribution

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sales of the Products, exercising full control and safely keeping all of its own losses from any uncollected amounts. Delays or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under clause 5.

2. Offer and acceptance/ Description

Each order for the Products or Services from Elsevier shall be deemed to be an offer by Elsevier to supply the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledge of order is issued by Elsevier or (at Elsevier’s option) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. All Client orders are accepted subject to availability of the ordered products. Unless otherwise expressly agreed by Elsevier in writing, the Client acknowledges that it is purchasing the Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products or Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal, or if the agent is permitted to order subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for valid personal use. Client acknowledges that violation of this representation and warranty will cause irrevocable harm to Elsevier. Upon any violation of this representation and warranty, Elsevier shall be entitled to immediately injunctive relief requiring Client to discontinue all recipients of the Products and Services from Elsevier, including all actual recipients that have not previously properly identified by Client. Elsevier shall use commercially reasonable efforts to comply with descriptions of the Products and Services agreed by both parties in the relevant order, including such things as format, printing, technical design, size and kind of address, weight and the like. All drawings, descriptive matter, specifications and advertising issued by Elsevier or any descriptions or illustrations contained in Elsevier’s catalogues or brochures are issued as published for the sole purpose of giving an approximate description of the Products and Services described in them. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for rejection or return, as the case may be, of the Products and Services.
