Advances in Chronic Kidney Disease provides in-depth, scholarly review articles about the care and management of persons with early kidney disease and kidney failure, as well as those at risk for kidney disease. The full spectrum of basic science through clinical care is covered in these reviews. Clinical care issues stress the multidisciplinary team approach to the care of kidney patients. Each issue is devoted to a single topic. The journal is available full text online through www.ackdjournal.org for subscribers, who receive access as part of their print subscription.

20. Term and termination

The Client shall be entitled to receive a refund to Client a pro rata portion of the fee which Client has paid to Elsevier for display of the Advertising Content in the event of a breach by Elsevier of any of its representations or warranties and its obligations under this TC, including, without limitation, the Client’s sole and exclusive remedy for any breach of the above. Elsevier shall be liable to the Client for any such breach.

Any returns of the products shall be subject to the relevant Elsevier company’s return policy subject to the relevant Elsevier company’s return policy. Reprints cannot be returned once these have been printed.

8. Liability and claims

Any representations and warranties of the Products and Services shall be made by both parties in the relevant order, including such things as communications, processing, design, size and color of, address, weight, and the like. All descriptions, diagram or specifications, advertising or in Elsevier's catalogues or brochures are issued or published for the purpose of giving an approximate idea of the description and Services described therein. They will form part of the TC. Publishing errors, including, but not limited to typographical errors, having no significant impact on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for rejecting delivery or, as the case may be, modifying the agreed price.
