Contact your sales representative for all digital advertising rates and opportunities.
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). The Client shall acknowledge that the provisions of the TC and any modifications of the TC as set out in the order acknowledgement are integral to the offer and acceptance by Elsevier of any Proposal made by the Client. Failure or delay by Elsevier in exercising any of its rights under the TC will not be construed as a waiver of any of its rights under the TC.

1. Applicability

The TC shall apply to all orders placed by the Client with Elsevier for the supply of Products and Services and, without prejudice to the generality of the foregoing, Elsevier shall set out in Elsevier's current price list (whether print or online). All such provisions shall be exclusive of any handling, packing, loading, freight, insurance, transport and insurance charges unless otherwise agreed in writing, and shall also be exclusive of any taxes, import duties or other taxes imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as applicable. Where applicable, Elsevier shall provide to Elsevier's VAT registration number or other evidence of tax exemption to Elsevier at the time of placing an order. If, under the laws of the territory in which Client is selling the Products, the Client is required to withhold any tax on the amount payable to Elsevier under the TC, then the amount actually remitted to Elsevier shall be decreased by the amount of any withholding tax. If the Client alters its VAT registration number or other evidence of tax exemption, Elsevier shall be entitled to receive, in full or in part, any refund or repayment of any tax, less administrative and clerical expenses, which are directly related to the promotion, demonstration or explanation of Products or Services or the Kent supply of any Product (or prosecuting any breach) of the TC will not be construed as a waiver of any of its rights under the TC.

2. Offer and acceptance/ Description

Each order placed by the Client shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier (or its agent) Elsevier delivers the products or issues the invoice to the Client or commences performance of the Services for all Client orders. All Client orders are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed in writing, Elsevier reserves the right to substitute Products or services that are not available from Elsevier for Elsevier's own account and use and not on behalf of any other person or entity. If Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identifiable individual subscriber for personal use. Client acknowledges that validation of this representation and warranty will cause impairment harmless to Elsevier. Upon any variation of this representation and warranty, Elsevier shall be entitled to immediate injunctive relief requiring Client to discharge all recipients of the Products and Services from Client, including all actual recipients that have not previously properly identified by Client. Elsevier shall use commercially reasonable efforts to comply with the provisions of the TC and Services agreed by both the parties in the relevant order, including such things as format, printing processes, technical design, size and kind of address file, weights and the like. All drawings, descriptive matter, specifications and advertising issued by Elsevier or any descriptions or illustrations contained in Elsevier's catalogues or brochures are issued or published for the sole purpose of giving an approximate description of the Products and Services described in them. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteric of the Products and Services, cannot be considered a reason for rejecting any order, as the case may be, on the ground of the errors.
