Journal of Hospital Infection

Overview

The *Journal of Hospital Infection* is the Official Journal of the Healthcare Infection Society.

Scope of the Journal:
The JHI focuses on healthcare-associated infection in both community and hospital settings. For example:

- Outbreak prevention in hospital or community settings
- Healthcare-associated infection surveillance
- Methods of prevention of healthcare-associated infection
- Prevention of infection in immunosuppressed patients
- Infection hazards associated with medical devices
- Role of medical equipment in healthcare-associated infection
- Disinfection and sterilization
- Cleaning, environmental contamination and its surveillance
- Management of clinical waste
- Laboratory diagnostics in relation to infection prevention and control
- Use of antibiotic prophylaxis in infection prevention
- Use of IT systems in infection surveillance
- Design of hospitals and healthcare premises
- Infection hazards associated with critical care units, or other specific healthcare departments

1. Applicability

These terms and conditions shall apply to all offers, proposals, agreements made between Elsevier and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties for the Products and/or Services. These terms and conditions supersede any previous agreements and shall govern all transactions in relation to the Products and/or Services supplied or performed by Elsevier to the Client.

2. Offer and acceptance

Descriptions of the Products and Services to be supplied by Elsevier to the Client shall be deemed to be an offer by Elsevier to supply the Products and Services subject to the TC. No acceptance of the offer shall be deemed until written acknowledgement of order is received by Elsevier or [Elsevier] delivered to the Client. All orders for the Products and/or Services shall be accepted at Elsevier's corporate domicile and any purchase order issued by the Client shall be subject to the TC. The Client shall be solely responsible for ensuring proposed advertising copy is received at Elsevier in electronic form (or such other format as specified by Elsevier) and within the relevant deadline set by Elsevier (the "Closing Date"). Where copy is received late or not at all, Elsevier will endeavour to do so.

3. Execution and modification of the order

Each order for the Products and Services by the Client from Elsevier shall be deemed to be an offer by the Client to purchase the Products or Services as set out on the Elsevier order acknowledgement or invoice. Where general terms and conditions of sale for the Products or Services are included with the order acknowledgement, they may be at any time prior to delivery at the Client's cost and risk. In the case of any dispute, the TC shall be deemed to control and shall not be subject to any additional terms.
