Journal of Surgical Research

Overview

The *Journal of Surgical Research*: A Journal of Clinical and Laboratory Investigation publishes original articles concerned with clinical and laboratory investigations relevant to surgical practice and teaching. The journal emphasizes reports of clinical investigations or fundamental research bearing directly on surgical management that will be of general interest to a broad range of surgeons and surgical researchers. The articles presented need not have been the products of surgeons or of surgical laboratories. The *Journal of Surgical Research* also features review articles and special articles relating to educational, research, or social issues of interest to the academic surgical community.
