Metabolism

Overview

*Metabolism* is an authoritative source of practical information on metabolic processes and diseases in the areas of nutrition, genetics, dystrophies, diabetes, and gout. Reviews and surveys on the status of research and practice in specific metabolic disorders are featured.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability

These terms and conditions shall be applied to offers, proposals, and agreements made between Elsevier ("the Publisher") and the Client relating to the products and/or series of Elsevier ("the Products and/or Series") and, along with the relevant Elsevier order acknowledgement, shall form the entirety of the agreement between the parties for these Products and/or Series. The Publisher may supply any separate value-added and/or ancillary services as set out in the order acknowledgement, subject to the Client's written agreement thereto. Where general terms and conditions of business are posted by the Client, these shall apply in addition to the T&Cs and the TCs shall prevail. Any variation to the T&Cs and any representations about the Products and Services shall be in writing and signed by an authorized senior executive of Elsevier. Nothing in the TC will exclude or limit Elsevier's Liability for fraudulent misrepresentation.

2. Order and Acceptance

Disbursements shall be made from Elsevier's current account(s). The Publisher shall deliver the Products or issue the invoice to the Client within a period that is reasonable in all the circumstances. In the event of any partial delivery, the T&Cs apply to each separate delivery. Where general terms and conditions of business are posted by the Client, these shall apply in addition to the T&Cs and the TCs shall prevail. Any variation to the T&Cs and any representations about the Products and Services shall be in writing and signed by an authorized senior executive of Elsevier. Nothing in the TC will exclude or limit Elsevier's Liability for fraudulent misrepresentation.

3. Execution and modification of the order

The Publisher shall carry out orders and make goods available in the manner and to the extent acknowledged, it may not be an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier redeems additional products to the Client, Elsevier shall charge a fee for the pro rata delivery charge. In no event shall Elsevier be liable for any damages or expenses incurred in connection with the return of the TC, except to the extent of the Client's responsibility therefor. All rights to any resale of the products or services are subject to mutual agreement. Where general terms and conditions of business are posted by the Client, these shall apply in addition to the T&Cs and the TCs shall prevail. Any variation to the T&Cs and any representations about the Products and Services shall be in writing and signed by an authorized senior executive of Elsevier. Nothing in the TC will exclude or limit Elsevier's Liability for fraudulent misrepresentation.

4. Prices and taxes

Unless otherwise agreed by Elsevier in writing, prices are based on the Products for the period of July 2022 to June 2023, and are exclusive of import duties, taxes, and any other governmental taxes or charges levied on the Products or their delivery, and shall be due and payable net to Elsevier on receipt of the invoice. Elsevier shall be entitled to add any sales taxes, excise, import duties, or other duties or taxes levied by any governmental authority (whether of the country in which the Products are delivered or otherwise) on the Products or the delivery of the same.'
