Overview

The American Journal of Pathology, official journal of the American Society for Investigative Pathology, published by Elsevier, Inc., seeks high-quality original research reports, reviews, and commentaries related to the molecular and cellular basis of disease. The editors will consider basic, translational, and clinical investigations that directly address mechanisms of pathogenesis or provide a foundation for future mechanistic inquiries. Examples of such foundational investigations include data mining, investigation of biomarkers, molecular pathology, and discovery research. Foundational studies that incorporate deep learning and artificial intelligence are also welcome. High priority is given to studies of human disease and relevant experimental models using molecular, cellular, and organismal approaches.
**Affiliation**
American Society for Investigative Pathology

**Audience**
Biomedical scientists who investigate mechanisms of disease, Research Pathologists

1. Applicability

These terms and conditions shall apply to all proposals, offers and agreements made by Elsevier and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties for the "TC". These terms specify any unexpressed obligations of the Client to Elsevier within the company group that is providing the Products or Services as set out on the Elsevier order acknowledgement. When general terms and conditions of business are proposed by the Client, these shall apply and the TC shall prevail. Any variation to the TC and any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorised signature of Elsevier. Nothing in the TC will limit or exclude Elsevier's Liability for fraud or fraudulent misrepresentation.

2. Offer and acceptance

Description of the TC shall be incorporated into the TC by the Client. Elsevier's order acknowledgement must be an integral part of the full price and/or delivery schedule at Elsevier's discretion. If the Client requests it, Elsevier shall redact additional information as requested by the Client such as personal information of the Client.

3. Execution and modification of the order

The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations, and other requirements (including any data protection laws) relevant to its duties, obligations and performance under this Agreement, including, without limitation, the Client's obligations relating to any applicable Customer Agreement and/or any advertising copy supplied by Elsevier.

4. Prices, taxes and customs

Unless otherwise agreed by Elsevier in writing the price is exclusive of all delivery costs and any value added tax leviable thereon. The Client shall be responsible for any and all duties, import or export taxes, levies and other charges of any nature payable on the Products or Services. Where the Client is required to make payment in respect of any other duties, import levies or other taxes payable on the Products or Services, Elsevier will utilise the Clients' applicable local or international tax identification number (TIN) where applicable and the Client shall promptly forward Elsevier any receipt or advice of payment to Elsevier. Payment shall mean that the Client has paid all sums due and owing at the due date for all invoices, unless another due date for payment is stated in the relevant agreement. Failure or delay in making any payment will not affect the validity of any of the provisions of this TC and to avoid the effects of such event to the extent possible.

5. Liability and claims

The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the exclusive jurisdiction of the courts of that same corporate domicile. Nothing in the TC shall be construed as creating an obligation to indemnify the other party against the other party's own negligence. Elsevier's Liability for any other loss imputable to it shall in any event be limited to the Invoice Value of the Part of the TC to which the Liability relates. To the maximum extent permitted by applicable laws, rules or regulations or industry codes or practices, Elsevier shall not be liable for indirect or consequential damages or losses or any other liabilities under the TC.

6. Force majeure

The Client shall at all times during the term strictly comply with all applicable laws, ordinances, codes, regulations, and other requirements (including any data protection laws) relevant to its duties, obligations and performance under this Agreement, including, without limitation, the Client's obligations relating to any applicable Customer Agreement and/or any advertising copy supplied by Elsevier.

7. Intellectual property

The Client has entered into this TC in reliance on Elsevier's representations as to the accuracy of the copy provided by the Client to Elsevier or by the Client's advertising, that no claim or action shall arise from or in respect of the Products, Services, or any part thereof. The Client shall not alter or modify the Products or Services in any way, or allow any third party to do so. The Client shall not alter or modify the Products or Services in any way, or allow any third party to do so. The Client shall not alter or modify the Products or Services in any way, or allow any third party to do so. The Client shall not alter or modify the Products or Services in any way, or allow any third party to do so.
