1. Applicability

Three or more conditions and terms shall apply to revised, proposals, and agreements made between the Publisher and any third party or its agent ("the Client") relating to the products and/or Services ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties ("the TC"). This includes any previous supply terms and conditions.

2. Execution and modification of the order

The order for the Products and/or Services shall be subject to the relevant Elsevier order acknowledgment, which may be an agreement to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier releases additional details in connection with the release, it shall be the sole responsibility of the Client to exercise the Terms and Conditions as published. Any revisions to the Terms and Conditions shall not be effective until agreed in writing and signed by an authorized representative of Elsevier. Nothing in the TC will exclude or limit Elsevier’s Liability for fraudulent misrepresentation.

3. Execution and modification of the order

Unless otherwise agreed by Elsevier, any changes or alterations to the products or service descriptions, budgets, schedules or timelines or any other obligations shall require the written consent of Elsevier. If the Client is not in a position to do so, it must notify Elsevier of the relevant circumstances and the necessary action shall be reviewed and agreed to by Elsevier and the Client. In the event of any dispute, all such changes shall be subject additional terms.

4. Price and taxes

If any such price is not subject to any of the relevant Elsevier company’s return policy, any returns of the products shall be subject to the relevant Elsevier company’s return policy. Reprints cannot be returned once these have been printed.

5. Licensure

The Client hereby agrees that it will not accept any payment or other benefit in money or in kind from any person or corporation, including, without limitation, any person who is not a party to this Agreement. The Client further agrees that he/she will not accept any payment or other benefit in money or in kind from any person or corporation, including, without limitation, any person who is not a party to this Agreement.

6. Distribution

The Client shall not engage in, reproduce, plagiarize any of the Products or any other products of Elsevier, sell or distribute or distribute or sublicense for a limited period. The Client is solely responsible for ensuring that the Client is fully aware of any claim that may arise out of or related to the Distribution agreement.

7. Force majeure

If the formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the United States, then the Client shall be responsible for ensuring that the Client is fully aware of any claim that may arise out of or related to the Distribution agreement.

8. Liability and exclusion of liability

The Client hereby agrees that it will not accept any payment or other benefit in money or in kind from any person or corporation, including, without limitation, any person who is not a party to this Agreement. The Client further agrees that he/she will not accept any payment or other benefit in money or in kind from any person or corporation, including, without limitation, any person who is not a party to this Agreement.
