Overview

Clinical Colorectal Cancer is a quarterly journal established in 2001 focused on colorectal cancer. In 2010, Clinical Colorectal Cancer expanded its scope to include other upper GI malignancies, including pancreas, liver and esophageal cancer. It features an international editorial board comprised of prominent thought leaders, including Editor in- Chief Dr. Edward Chu. It is mailed free of charge to US-based medical oncologists, radiation oncologists, hematologists and surgical oncologists. Each issue features peer-reviewed original contributions, comprehensive reviews and case reports, commentaries, and current trial reports. Also included are brief editorials of current news and the latest topics concerning colorectal cancer issues relevant to clinicians.

Audience

US-based medical oncologists, radiation oncologists, hematologists and surgical oncologists.

Contact your sales representative for all digital advertising rates and opportunities.
1. Applicability

These terms and conditions apply to offers, proposals, made and any third party or its agent (“the Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties for the “TC”. The Client may suspend any previous order agreements. These terms and conditions are not negotiable. Terminations or modifications are allowed only by the affected party and in writing. These terms and conditions are subject to change without notice.

2. Offer and acceptance

Descriptions of the products and services contained in the From the Client to Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier or Elsevier delivers the products or issues the invoice to the Client or commence performance of the Services for the Client. Any order not accepted by Elsevier at its sole discretion may be returned, with the costs and expenses of such return to be borne by the Client. All sales are final unless agreed otherwise in writing by Elsevier.

3. Execution and modification of the order

Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier reads additional text in conformance with the requirements of the TC, Elsevier shall not be liable to the Client, in the name of and on behalf of the Client. Any additional costs incurred by Elsevier as a result of any modifications will be charged to the Client at Elsevier’s then current rate.

4. Prices, taxes and currency

If otherwise agreed by Elsevier in writing the prices for the products and Services shall be in the Client’s currency as set out in the TC. Elsevier shall not be liable for any exchange or related expenses incurred. The terms and conditions of this agreement shall apply equally to all orders and any variations or modifications to these terms and conditions shall only be binding upon Elsevier if agreed to in writing by an authorized officer of Elsevier.

5. Payment

Any amounts payable under the TC shall be paid by the Client to Elsevier in the currency set out in the TC. All exchange or related expenses incurred under the TC shall be paid by the Client to Elsevier in the currency set out in the TC. The Client shall not be entitled to set-off or offset against the payment due under the TC any sums paid to the Client by Elsevier for any reason.

6. Distribution

In the event of dissolution of a joint venture, each party agrees to distribute the profits and losses of the joint venture in accordance with each party’s percentage interest in the joint venture, as determined by the parties in writing. All profits and losses shall be distributed quarterly in accordance with the mutual agreement of the parties.

7. Cancellations & Returns

If the Client is unable to proceed with the order as scheduled, Elsevier shall have the right to cancel the order and retain any advance payments made by the Client. In the event of cancellation, Elsevier shall be entitled to retain a cancellation fee.

8. Force majeure

Force majeure events shall include acts of God, natural disasters, war, terrorism, strikes, government actions, and other events beyond the control of the affected party. In the event of a force majeure event, the affected party shall be excused from performance of its obligations under the TC. The affected party shall provide written notice to the other party as soon as practicable after the occurrence of the force majeure event.

9. Confidentiality

The Client shall not disclose any information received from Elsevier unless specifically permitted by Elsevier in writing. The Client shall keep all such information confidential and shall not disclose it to any third party without Elsevier’s written consent.

10. Compliance with laws

11. Intellectual property

The Client shall indemnify and hold Elsevier harmless from any claims, damages, losses, or expenses arising out of or related to the Client’s breach of this representation and warranty. The Client shall also indemnify Elsevier for any reasonable costs and expenses incurred in defending or settling any such claims.

12. Compliance with laws

The Client shall comply with all applicable laws and regulations, including, but not limited to, those related to privacy, data protection, and intellectual property. The Client shall also comply with all applicable tax laws and regulations.

13. Cancellations & Returns

14. Force majeure

In the event of force majeure, either party shall have the right to terminate the TC without liability to the other party unless otherwise agreed in writing by the parties.

15. Confidentiality

The Client shall not disclose any information received from Elsevier unless specifically permitted by Elsevier in writing. The Client shall keep all such information confidential and shall not disclose it to any third party without Elsevier’s written consent.
