Specifications

File Format

**PDF or PDF/X-1a compliant files, saved as PDF version 1.3.**

Transparencies within the supplied PDF(s) will be warned. The transparent elements contained in your file(s) must be converted within the native layout application or flattened in Acrobat using the High Resolution Flattener Presets to avoid overprint issues.

Saving your PDF to Acrobat 4 (PDF 1.3) compatibility will ensure transparent elements are flattened. If the ad contains spot colors that are not converted to process colors (CMYK) before flattening, overprint and/or trap issues may occur.

The following layout applications yield the optimum results for creating a print-compliant PDF and are expected to follow all requirements listed in this document:

- InDesign version 2 or higher (CS preferred)
- QuarkXPress version 6.5 or higher

Additional costs may apply if problems are encountered.

*NOTE: When using Adobe Illustrator it is preferred to have all fonts converted to outline/paths, and files submitted as EPS files.*

Images

All high-resolution images and fonts must be included. TIFF & EPS files must conform to the following minimum resolution specifications:

- Grayscale and Color images: 300 dpi
- Combination Grayscale and Color images: 500-900 dpi
- Line art (Bitmap) images: 900-1200 dpi

Higher image resolutions are acceptable as they exceed the minimum requirements, but in some cases unnecessary resolution will be discarded to achieve smaller file sizes.

Fonts

Use of PostScript Type 1 fonts is encouraged. Include fonts for any embedded graphics. DO NOT use Type 3 or Multiple Master fonts. Avoid using Macintosh menu-stylized fonts, Macintosh "city" fonts (Chicago, Geneva, etc.) and Microsoft Outlook fonts (Tahoma, Impact, etc.).
Page Layout
Regardless of the file format supplied, all ads must conform to the following specifications:

- Final size must meet journal trim size and include 1/8" bleed image on all four sides.
- Files will include trim marks with a minimum 3/16" offset.
- No content is to be within 1/4" of all trim edges.
- Supply as single page files only.
- Right Reading, Portrait Mode, 100% size, No Rotation.
- All fonts and graphics must be either embedded or included with the files and conform to the format type listed above. Images must also conform to the specifications above for minimum image resolution.
- All color ads should be supplied as composite files.
- Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color.
- Embedded images should not be scaled, cropped/masked or rotated within the page layout application but instead should be manipulated in a proper image editing program (ex. Photoshop) and then imported into the page layout program at proper size and position.
- DO NOT nest EPS files within EPS files.
- All lines and line art images should be of a minimum 1/3 pt thickness (1/2 pt for reverses) at final size to reproduce effectively on press.
- Crop marks and SWOP color bars must be included and positioned 1/2" outside trim.

Color Space
All color images and files are to be supplied as CMYK with a Total Area Coverage (TAC) not to exceed 300% for the darkest area of an image. Files supplied as RGB will be automatically converted to CMYK.

Spot Colors
Spot colors are to be identified using the standard Pantone naming convention and not a custom color such as "Dark Blue." PMS colors will be converted to process unless otherwise specified. When using both art and layout programs be sure spot color naming is consistent in all applications (ex. Do not define both PMS 201CV and PMS 201CVC). Any non-intended spot colors will be converted to CMYK.

Trapping and Screening
Overprints and knockouts should be defined. Files are NOT to be trapped or prescreened. Our Prepress service provider will use industry recognized trapping software to auto-trap your files for optimum performance and reproduction on press and will apply the appropriate screening. Note that these trap settings may force small text and fine graphics to overprint to hold registration on press.

Proofs
If submitting a proof for color match on press, please send a SWOP-certified contract color proof (with SWOP proofing bar or GATF proof comparator), produced from the final submitted file and imaged at 100% scale. Revised proofs must be supplied whenever a text or design change is made. For a list of current SWOP-approved proofs visit https://idealliance.org/systems-certification/certified-hard-copy-proofing-systems/. Desktop inkjet printer proofs do not meet SWOP specifications. Elsevier cannot guarantee color match unless acceptable proof is provided. If a contract proof is not supplied Elsevier will run to standard ink densities and dot gains.

2. Application These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent ([The “Client”] relating to the products and/or services of Elsevier (“the Products and/or Services”); and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties ([The “TC”]. They supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the order acknowledgement. Except where specifically agreed in writing and signed by an authorized signatory of Elsevier, nothing in the TC will exclude or limit Elsevier’s liability for fraud or fraudulent misrepresentation. Where Products are sold to the Client that contain third party software or such a sale may be subject to additional license terms.

3. Offer and acceptance/ Description Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgment of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. All Client orders are subject to availability of the ordered Products. Unless otherwise expressly agreed by Elsevier in writing, Client represents and warrants that it is purchasing Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for valid personal use. Client acknowledges that violation of this representation and warranty will cause irrevocable harm. Upon any violation of this representation and warranty, Elsevier shall be entitled to immediate injunctive relief requiring Client to discontinue all recipients and uses of Elsevier’s Products and Services from Client, including all actual recipients that have not previously been identified properly by Client. Elsevier shall use commercially reasonable efforts to comply with descriptions of the Products and Services agreed by both the parties in the relevant order, including such things as format, printing, processes, design and style of any text, headline, type and the like. All drawings, descriptive matter, specifications and advertising issued by Elsevier and any descriptions or illustrations contained in Elsevier’s catalogues or brochures are issued as an example of the Products and Services and cannot be considered a representation or warranty, as the case may be, of the final product.

4. Modification and execution of order Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Services and Products are intended to be an estimate and time for delivery/performance shall not be made of the essence by notice. If no dates so specified, delivery/performance will be at Elsevier’s convenience.

5. Prices, terms and currency Unless otherwise agreed by Elsevier in writing in the provisions for the Products and Services and Sums in the TC will be stated in Elsevier’s current price list (whether print or online). All such prices will be exclusive of any handling, packing, loading, freight, insurance, transport and import duties and any taxes or other charges, unless otherwise agreed in writing, and shall be exclusive of all taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, Client shall provide to Elsevier Client’s VAT registration number or other evidence of tax exemption at Elsevier to the full extent of its liability. If, under the laws of the territory in which Client is selling the Products, the Client is required to withhold any tax on the payment of the price, the amount actually remitted to Elsevier shall be reduced by the amount of any tax so withheld. In the event of any claim or payment of interest received by Elsevier in respect of any sum due from the Client, the Client will indemnify Elsevier against all legal and other expenses of collecting such interest and any additional interest payable to Elsevier on such sum.

6. Distribution The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sale of the Products, exercising full control and strictly controlling all of its losses from any uncollected amounts. Default or failure in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under clause 5.

7. Intellectual property Copyright and other intellectual property rights in all Elsevier publications, products or other Services or Sums do not vest in the Client unless otherwise agreed in writing. The rights granted by Elsevier are restricted to use solely by the Client and may not be assigned, transferred or sublicensed without the prior written permission of Elsevier. Elsevier’s rights in the Client’s Products and Services are non-exclusive and for the purpose expressly agreed upon herein. Any other use shall require the prior written permission of Elsevier. The Client shall not acquire any intellectual property rights in the Products. No party of the Elsevier proposals, publications or Products may be stored in any automated data base and/or reproduced, whether electronically, mechanically, by photocopying, recording or in any other manner or form, without the specific prior written permission of Elsevier.

8. Liability and claims TO THE MAXIMUM EXTENT PERMITTED BY LAW, EXCEPT AS PROVIDED IN CLAUSE 3, ELSEVIER IS NOT LIABLE FOR ANY OF THE FOLLOWING Losses which may arise by reason of breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind incurred imposed on Elsevier by operation of law (including the loss of anticipated profits or expected future business), (b) damage to reputation or goodwill, (c) any damages, costs or expenses payable by Elsevier to any third person, (d) loss of any kind or cost of or contract or (e) unavailability of performance by Elsevier which is caused by any act or omission of the Client.

9. Force majeure Nothing in the TC will exclude or limit Elsevier’s liability for fraud or fraudulent misrepresentation. Where Products are sold to the Client that contain third party software or such a sale may be subject to additional license terms.

10. Advertising & Reprints Details of all cancellations are made after such date, Elsevier shall be entitled to charge the full cost of the advertisement. Any cancellations made after such date shall not be eligible for a refund. Details of such policies will be calculated the price for the actual volume at the end of the applicable year at a reduced discount and the Client shall be charged the new price. Any previous issue may be inserted. Client shall retain a complete copy of all materials delivered to Elsevier. Elsevier shall take reasonable care that shall not be liable for any loss, accidental loss or damage thereto. Client is solely responsible for any legal liability arising out of or relating to any Client's Advertising and/or terminate this TC if Elsevier determines, in its sole discretion, that the Advertising is not in accordance with these terms and conditions and the charges and the conditions have been agreed accordingly. The Client acknowledges that a higher price would be payable for the Products or Services but for such limitations.

11. Audit The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the jurisdiction of the United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act of the state that any necessary legal action is to be taken.

12. Compliance with laws Client shall at all times during the term strictly comply with all applicable laws, ordinances, rules, regulations, standards and judicial or administrative orders (jointly “Applicable Laws”) or “Laws” relevant to its duties, obligations and performance under this TC. The Client shall not use the Products or Services in any manner that is necessary to make payments to Elsevier under the TC, including without limitation all bank charges and foreign exchange charges.

13. Cancellations & Returns Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client.
