1. Applicability

These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent(s) (“the Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”), and any provision of the Products and/or Services set out in the Client order acknowledgment or invoice. Where general terms and conditions of business are prepared by the Client, these shall prevail and the Client’s order acknowledgment or invoice shall be subject to the Client’s relevant terms and conditions of business. Where products are sold to the Client that contain third party software or such a sale may be subject to additional license terms.

2. Offer and acceptance

No contract for the products and services shall be made unless and until Elsevier shall have agreed to sell the products and services to the Client. Neither Elsevier’s full or partial performance of an order shall constitute an acceptance of any order by Elsevier or a waiver of Elsevier’s right to reject any order. Any modifications or changes to the order shall require written agreement between Elsevier and the Client.

3. Execution and modification of the order

The Client shall allow Elsevier or its authorized representative at any reasonable time to have access to the Client’s premises (or any other premises in the Client’s possession) for the purpose of inspecting the Client’s premises, books and records to verify the Client’s compliance with the TC.

4. Audits

Audit

Audit shall mean any examination of the Client’s business in connection with the TC. Any financial statements, reports, documents, books and records of the Client, as it may be determined by Elsevier, shall be subject to audit at any time in accordance with any applicable law or regulation or in relation to an audit that is required by any applicable authority.

5. Cancellations & Returns

Cancellations & Returns

Any returns of the products shall be subject to the relevant Elsevier company’s return policy. Reprints cannot be returned once these have been printed. Costs will be incurred or committed from the date of receipt of written notice of cancellation by Elsevier. If the Client is treated by Elsevier as a publisher that is considered to be the source of such publications, the Client shall be responsible for all costs and expenses incurred by Elsevier as a result of such cancellations or returns. The Client shall be solely responsible for the payment of all costs and expenses incurred by Elsevier as a result of such cancellations or returns.

6. Distribution

Distribution

The Client shall engage no group, reproduction, or distribution of the Products or any other products of Elsevier or its affiliates, nor directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or distribution of the Products or any other products of Elsevier.

7. Intellectual property

Copyright and other intellectual property rights to all Elsevier proposals, publications and other products of Elsevier shall remain with Elsevier unless otherwise agreed in writing. It is agreed that Elsevier is not to be used solely by the Client and may not be assigned, transferred or sublicensed without the prior written permission of Elsevier. The Client shall not acquire any intellectual property rights in the Products. No part of the Elsevier proposals, publications or other products of Elsevier may be translated or adapted without the prior written permission of Elsevier.

8. Limitation of liability

The Client shall not be liable for any loss or damage (whether direct or indirect) suffered by Elsevier in connection with the TC, and Elsevier shall be liable only to the extent expressly set out in this TC.

9. Force majeure

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or distribution of the Products or any other products of Elsevier.
