1. Applicability

These terms and conditions shall apply to offers, proposals, and purchase agreements made by Elsevier and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They supersede any previous purchase terms and conditions. For the purposes of this TC, the "Client" means the company entered into the Elsevier Supply Agreement or the company that is identified in the Elsevier order acknowledgement, in the case of an order acknowledgement, in respect of the placing of a new order or to amend an existing order. Where more than one person or entity is cited as a party to the TC, or in the case of an order acknowledgement, in respect of the placing of a new order or to amend an existing order, it shall be construed as automatically forming a joint and several agreement each party to this TC being liable for the satisfaction of the obligations set forth in this TC, unless the parties agree otherwise in writing.

2. Offer and acceptance/Description

Unless otherwise agreed by Elsevier in writing, the price for the Products and Services subject to the TC shall be at the price quoted by Elsevier in the Elsevier order acknowledgement or invoice. The price quoted in the Elsevier order acknowledgement or invoice shall be exclusive of all taxes and duties, unless otherwise agreed by both parties in writing. The price shall be determined in accordance with the terms and conditions of supply contained in this TC, which shall prevail in any event in the absence of denotation to the contrary in the Elsevier order acknowledgement or invoice. Where general terms and conditions of business are proposed by the Client, these shall not apply and the TC shall prevail. Any variation to the TC and any representations about the Products and Services shall be made in writing and signed by an authorised official of Elsevier. Nothing in the TC will exclude or limit Elsevier’s Liability for fraud or fraudulent misrepresentation. Where Products are subject to third party software or product such clause may be subject to additional terms.

3. Cancellations & Returns

Orders for Tables of Contents must be cancelled by the Client in writing within 21 days of the issue date of the product. Orders for other products must be cancelled in writing at least 30 days after the issue date or such other period as may be agreed in writing between the parties. Where cancellations are made after the issue date or within the time mentioned in the previous sentence, Elsevier shall be entitled to charge the full cost of the product. The Services shall not be considered to have been fully performed.

4. Prices, taxes and currencies

Unless otherwise agreed by Elsevier in writing the price for the Products and Services subject to the TC shall be at Elsevier’s current price list (whether print or online). All such price lists shall be exclusive of any handling, packing, loading, freight, transport and insurance charges unless otherwise agreed in writing, and shall be exclusive of all taxes, import duties or other taxes imposed on the sale or supply of the Products or Services by local or national authorities, which shall be charged by Elsevier as an additional cost. Where applicable, Client shall provide to Elsevier their VAT registration number or other identification number which may be required to exempt Elsevier from payment of taxes.

5. Payment

Unless otherwise agreed by Both Parties, payment shall be made within thirty (30) days of the invoice date in the currency remitted. Invoices for the price of the Products and Services shall be rendered to the Client in writing. For the purpose of satisfying the Client’s obligations set forth in this TC, the Client’s right to cancel the order for that advertisement, if the alterations requested are unacceptable, unless such changes are made, is hereby modified to read: removal of the Product or Services on the date of cancellation. No new external subscriptions or cancellations can be made after the space closing date, but in the event that any cancellations are made after such date, Elsevier shall be entitled to charge the full cost of the cancelled space for such cancellations. Client’s failure to meet the agreed terms of payment shall result in Elsevier charging interest at the rate of 1% per month on any sum outstanding, together with any collection fees incurred by Elsevier. If the Client wishes to dispute any invoice (or part thereof), the Client shall, as soon as reasonably practicable, but no later than the due date of the invoice, send full details of such dispute to Elsevier. Elsevier shall not be liable for any late payment, and may suspend performance of its obligations arising from the TC until such payment has been made. Where the Client is indebted to Elsevier for Services under any order or other agreement with Elsevier, the Client shall not be entitled to withhold payment of the Services rendered by Elsevier or Services under the current order or until outstanding invoices are fully paid. Elsevier shall be entitled to apply any monies received by the Client to any outstanding amounts owed to Elsevier.

6. Distribution

The Client shall use reasonable care, precaution, reproduction or reprints of the Products or any other products of Elsevier in its facilities, or shall directly or indirectly facilitate or arrange or allow any party to engage in such activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction or plagiarism of the Products by any third party. The Client shall be solely responsible for collecting from its customers in amounts due from them in respect of the Products or Services. The Client shall at all times ensure that the Products or Services are distributed only to the Client’s employees or agents or to those persons identified by the Client. The Client shall ensure that all subscriptions to the Products or Services are conducted in accordance with the terms and conditions contained in this TC, and placed by the Client or its agents. The Client shall ensure that the Products or Services are distributed to the Client and its employees or agents only and not to any other person, entity or organisation. The Client shall ensure that it is in compliance with all applicable laws, regulations and codes of practice concerning distribution of the Products or Services.

7. Force majeure

The Client shall allow Publisher’s authorized representative at any reasonable time to have access to Client’s premises (or elsewhere in the country or in the European Union) for the purpose of inspecting Client’s facilities, books and records to verify Client’s compliance with the TC.
