Forensic Science International

Overview

*Forensic Science International* is an international journal publishing original contributions in the many different scientific disciplines pertaining to the forensic sciences. Fields include forensic pathology and histochemistry, chemistry, biochemistry and toxicology (including drugs, alcohol, etc.), biology (including the identification of hairs and fibres), serology, odontology, psychiatry, anthropology, the physical sciences, firearms, and document examination, as well as investigations of value to public health in its broadest sense, and the important marginal area where science and medicine interact with the law. *Forensic Science International* publishes: Original Research Papers, Review Articles Preliminary Communications, Letters to the Editor, Book Reviews, and Case Reports.

The journal covers all legal aspects of the general disciplines listed above, as well as specialist topics of forensic interest that are included in, or are related to, these disciplines, e.g.: Biochemical and chemical analyses, and the forensic application of advanced analytical, physical, chemical and instrumental techniques; Bitemark evidence; Battered child syndrome; Questioned documents; Ballistics, projectiles and wounds; Fingerprints and identification; Tool marks; Contact traces; Poisoning; Breath analysers; Accident investigation and mass disasters.

Contact your sales representative for all digital advertising rates and opportunities.
2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (“the Client”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the “TC”). They supersede any previous written terms and conditions. For the purposes of the TC, “Elsevier” shall mean the company within the Elsevier group that is providing the Products or Services so set out on the invoice or else, in the case of online only products, the party that has entered into the relevant agreement with the Client. As used in the TC and any related documents, the terms “we”, “us” and “our” shall mean Elsevier, and the terms “client”, “you” and “yours” shall mean the Client.

3. Execution and modification of the order Any modifications to the agreed product or service description, budget, schedule or any other term in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier’s discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, and at the cost of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Services are intended to be estimated time for delivery/performance of the Services.

4. Prices, taxes and currencies Unless otherwise agreed by Elsevier in writing, the prices for the Products and Services shall be set out in Elsevier’s current price list (whether print or online). All such prices shall be exclusive of any handling, packing, loading, freight, insurance, transport and insurance charges unless otherwise agreed in writing, and shall also be exclusive of any taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as applicable. Where applicable, Elsevier shall provide to Client’s VAT registration number or other evidence of tax exemption to Elsevier at the time of placing its order. If, under the laws of the territory in which Client is selling the Product, the Client is required to withhold any tax on the price or charges paid to Elsevier under the TC, then the Client shall increase the price charged to Elsevier by an amount sufficient to cover the tax and the Client shall pay the increased fully to Elsevier payable to the tax authorities. The Client shall bear all expenses related to its dealings with any government agency or any other government owned, operated or run universities, hospitals and libraries, or political parties or candidates (jointly “Government Official”). Neither the Client nor any of its directors, employees, officers, agents or representatives (jointly “the Personnel”) shall make any kind of bribe, kickback or other payments to any Person, Firm or Company, or to any person, firm or company employed or engaged by a government agency or any other government owned, operated or run universities, hospitals and libraries, or political parties or candidates, in connection with the formation, execution or performance of this TC or any related agreements or arrangements, if such payments are prohibited by the Bribery Act or any other relevant anti-bribery laws or, if such payments are not prohibited by the Bribery Act, but are found by any court, tribunal or other legal authority to be in violation of any such laws, and the Client further agrees that he/she will not accept any such payments unless such payments are made in accordance with the Bribery Act and any other relevant anti-bribery laws.

5. Payment Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency agreed at the time of the TC. Time for payment shall be of the essence. Elsevier may set and vary credit limits for any Client account and shall be entitled to refuse supply any Client who has exceeded his current credit limit. Legal and beneficial title in any tangible Products supplied by Elsevier to the Client shall remain with Elsevier until Elsevier has received in full (net of cleared funds) all sums due to it in respect of the Products and all other sums which are or which become due to Elsevier from the Client on account of any other contract. The Client may not resell or otherwise dispose of the Products unless and until Elsevier shall have been paid in full. The Client shall be entitled to receive payment for the copies of the Product notwithstanding that ownership of any of the copies of the Product has not passed from Elsevier. For the avoidance of doubt no intellectual property in any Elsevier Products shall transfer to the Client. The Client shall be at all times liable for any tax or other charges which may be payable in relation to the sale of any Product and the Client shall pay any such taxes or charges promptly when due.

6. Intellectual property Copyright and all other intellectual property rights in the Products, Elsevier proposals, publications or other Products and Services shall remain with Elsevier unless otherwise agreed in writing. The rights granted by Elsevier are restricted to use solely for the purposes of fulfilling the order. The Client is not permitted to reproduce, copy, modify or adapt the Products or Services for any purpose other than its own business purposes, or for any other purpose, and shall not permit any other party to do so.

7. Liability and claims T/O THE MAXIMUM EXCEPTED LIMITATION, in no event shall Elsevier be liable for any of the following losses which may be caused by any breach of this TC or any implied warranty, condition or other term, any representation or any duty of any kind imposed on Elsevier by operation of law: (a) loss of anticipated profits or expected future business; (b) damage to reputation or goodwill; (c) any damage, costs or expenses payable to Elsevier by any third party; (d) loss of any kind or order of contract; (e) any losses that were not foreseeable by the Client and Elsevier at the commencement of the TC; or (f) any loss not caused by any breach on the part of Elsevier. In no event shall Elsevier be liable for any indirect, incidental, punitive, special, exemplary or consequential damages of any kind arising in connection with the TC or the Products, including, but not limited to, lost profits, lost savings, or loss of data, regardless of the theory or basis of the claim, whether arising by contract, tort (including negligence), strict liability, breach of warranty or any other theory or basis.

8. Force majeure If by reason of labor dispute, strikes, riot, failure to obtain labor or materials, fire or other cause of force majeure, the Client is unable to perform its obligations in accordance with the TC, the Client shall immediately notify Elsevier of such inability and Elsevier shall not be liable for any loss or damage suffered by the Client. Nothing herein shall affect Elsevier’s right to make an adjustment in the price or to cancel or suspend the TC and/or to declare a default and to retain any payment and other sums which are due to it.

9. Audit Elsevier shall have the right to verify Client’s compliance with the TC. Elsevier may verify Client’s compliance with the TC, and may enter any premises of Client where the TC relates to any Products or Services, at any time, to verify Client’s compliance with the TC.

10. Advertising & Reprints Elsevier shall deliver the Products or issue the invoice to the Client or commence performance of the Services for each order. For all Client orders are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed in writing, the price/rates for the Products shall be those set out in the current price list (whether print or online). Elsevier reserves the right to make changes to its Products, Services and prices at any time and from time to time. Any such changes shall be effective upon the receipt of payment of those taxes applicable to the respective taxing authority. All financial transactions must be settled in the currency of the applicable tax invoice. The Client will be solely responsible for its own cost for completing any foreign-exchange-related transactions in the state that the Products are to be used.

11. Force majeure If by reason of labor dispute, strikes, riot, failure to obtain labor or materials, fire or other cause of force majeure, the Client is unable to perform its obligations in accordance with the TC, the Client shall immediately notify Elsevier of such inability and Elsevier shall not be liable for any loss or damage suffered by the Client. Nothing herein shall affect Elsevier’s right to make an adjustment in the price or to cancel or suspend the TC and/or to declare a default and to retain any payment and other sums which are due to it.
