Journal of Clinical Lipidology

Overview

The *Journal of Clinical Lipidology* is published to support the diverse array of medical professionals who work to reduce the incidence of morbidity and mortality from dyslipidemia and associated disorders of lipid metabolism. The Journal’s readership encompasses a broad cross-section of the medical community, including cardiologists, endocrinologists, and primary care physicians, as well as those involved in the treatment of such disorders as diabetes, hypertension, and obesity. The *Journal* also addresses allied health professionals who treat the patient base described above, such as pharmacists, nurse practitioners and dietitians.
