JACC: Heart Failure

Overview

JACC: Heart Failure publishes the most important findings on the pathophysiology, diagnosis, treatment, and care of heart failure patients. The goal of the journal is to improve our understanding of the disease, clinical trials, clinical outcomes, and advances in therapies through timely, insightful scientific communication. The journal will embrace interdisciplinary relationships with neuroscience, pulmonary medicine, nephrology, electrophysiology, and surgery as they relate to heart failure. Articles concerning pharmacogenetics, biomarkers, and metabolomics will also be published.

1. Applicability

These terms and conditions shall apply to all offers, proposals, and agreements made between the Client and any third party or agent ("the Client") regarding to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties ("the TC"). These terms and conditions are proposed by Elsevier as the Client is required to meet without any addition to be payable to Elsevier. In the TC, the amount of the payment shall be automatically increased to fully offset such tax, if that the amount actually remitted to Elsevier, net of all taxes, equals the amount invoiced or otherwise due. The Client shall promptly notify Elsevier of the official receipt of payment of any taxes levied. In the event of non-payment of any such VAT, the Client shall remain liable for any undisputed part of such invoice. Elsevier shall be entitled, at any time, to demand payment in advance and may suspend performance of its obligations arising from the TC until such advance payment has been received. Where the Client is entitled under any other Product or Services, and any such sums which are or which become due to Elsevier from the Client on any account. The Client may not, without the prior written consent of Elsevier, sell, charge, mortgage, pledge, lease, license, assign, transfer or otherwise dispose of the Products or Services or any part thereof or any interest therein. The Client is solely responsible for obtaining from its customers amounts due to Elsevier. Delays or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under the TC, including without limitation all bank charges and foreign exchange charges. Legal and beneficial title in any tangible Products supplied by Elsevier to the Client shall remain with Elsevier. The Client may not, without the prior written consent of Elsevier, sell, charge, mortgage, pledge, lease, license, assign, transfer or otherwise dispose of the Products or Services or any part thereof or any interest therein. The Client is solely responsible for obtaining from its customers amounts due to Elsevier. Delays or failures in obtaining such payments will not affect the Client’s obligation to make payments to Elsevier under the TC, including without limitation all bank charges and foreign exchange charges.
