Maturitas

Overview

Maturitas is an international multidisciplinary peer reviewed scientific journal of midlife health and beyond publishing original research, reviews, consensus statements and guidelines. The scope encompasses all aspects of postreproductive health in both genders ranging from basic science to health and social care. Maturitas will publish in the following areas:

- predictors, effects and management of chronic diseases
- sex steroid deficiency in both genders
- epidemiology, health and social care
- therapeutic advances
- complementary and alternative medicines

We offer Fast Track publication for clinical trials and research articles which present ground-breaking results that justify rapid dissemination. Articles accepted through this route can expect less than 8 weeks editorial time from submission to publication online. Articles submitted for this route will be checked by the Editor-in-Chief to determine if the criterion for fast publication has been met; if not, articles will be redirected to the normal route of category article.

1. Applicability

These terms and conditions shall apply to all proposals, offers and agreements made by Elsevier and any third party (or its “Agent”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). These provisions supersede any previous communication between the parties. For the purposes of this TC, the “Client” shall mean the party identified as such in the order acknowledged by Elsevier within the Elsevier group that is providing the Products or Services as set out in the order acknowledged by Elsevier. Where general terms and conditions of business are proposed by the Client, these shall apply and the TC shall prevail. Any variation to the TC and any representations about the Products and Services shall not be effective unless expressly agreed in writing and signed by an authorised signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s Liability for fraudulent misrepresentation. Where Products are subject to a third party product or software such risk may be subject to additional terms.

2. Offer and acceptance

These terms and conditions shall apply to all proposals, offers and agreements made by Elsevier and any third party (or its “Agent”) relating to the products and/or services of Elsevier (“the Products and/or Services”) and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the “TC”). These provisions supersede any previous communication between the parties. For the purposes of this TC, the “Client” shall mean the party identified as such in the order acknowledged by Elsevier within the Elsevier group that is providing the Products or Services as set out in the order acknowledged by Elsevier. Where general terms and conditions of business are proposed by the Client, these shall apply and the TC shall prevail. Any variation to the TC and any representations about the Products and Services shall not be effective unless expressly agreed in writing and signed by an authorised signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s Liability for fraudulent misrepresentation. Where Products are subject to a third party product or software such risk may be subject to additional terms.

3. Execution and modification of the order

The Client shall engage, reproduce, replicate any of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier of any breach of any privacy, reproduction, distribution or plagiarism of the Products by any third party. The Client shall be solely responsible for collecting from its customers amounts due in respect of the sale of the Products, exercising full control and solely paying of all over-earnings resulting from any unauthorised sales. Delay or failure in obtaining such payments will not affect the Client’s obligation to pay to Elsevier under this clause.

4. Intellectual property

Copyright and other intellectual property rights in all Elsevier products, publications and other services shall remain with Elsevier and shall be exclusively owned by Elsevier. Elsevier or its licensors own all rights, title and interest in the Products and Services, including all patents, copyrights and other intellectual property rights relating to the same. The Client shall have no right to sell, sub-license, assign, transfer, dispose of, or otherwise deal with the said rights, exclusive or otherwise, unless Elsevier consents thereto in writing. The Client shall not, without the prior written permission of Elsevier, create derivative works, or modify, adapt, translate, reverse-engineer, copy, copy any part of the Products or Services, in whole or in part, whether in hard copy or electronic or any other manner or form, or transmit, distribute or redistribute any part of the Products or Services, or any part of the Products or Services, in any manner or form, or make the same available to any third party, or obtain or disclosure of the Products or Services to another party. The Client shall not, without the prior written permission of Elsevier, create derivative works, or modify, adapt, translate, reverse-engineer, copy, copy any part of the Products or Services, in whole or in part, whether in hard copy or electronic or any other manner or form, or transmit, distribute or redistribute any part of the Products or Services, or any part of the Products or Services, in any manner or form, or make the same available to any third party, or obtain or disclosure of the Products or Services to another party.

5. Liability and claims

No liability is accepted by Elsevier for any loss or damage suffered by the Client or any third party arising out of or in connection with the delivery of the Products and Services to the Client or any third party, provided that the Client confirms that all necessary legal and financial, safety and health and environmental precautions are being taken. Elsevier shall not be liable for any losses or consequential losses or damages howsoever caused or under whatever law or doctrine, or any loss or damage resulting from any act or omission of the Client or any person acting on behalf of the Client or for any reason whatsoever.

6. Distribution

The Client shall not engage, reproduce, replicate any of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier of any breach of any privacy, reproduction, distribution or plagiarism of the Products by any third party. The Client shall be solely responsible for collecting from its customers amounts due in respect of the sale of the Products, exercising full control and solely paying of all over-earnings resulting from any unauthorised sales. Delay or failure in obtaining such payments will not affect the Client’s obligation to pay to Elsevier under this clause.

7. Prices, taxes and currencies

The price/rates for the Products and Services shall be those set out in the related Elsevier order acknowledgement and shall be exclusive of any handling, packing, loading, freight, transport and insurance charges unless otherwise stated in the TC or agreed in writing between the Client and Elsevier. The Client acknowledges that it will be solely responsible for completing any foreign exchange-related procedures in the said territory that are necessary to make the payment to Elsevier under the TC, including without limitation all bank charges and foreign exchange charges.

8. Payment

If payment is not made when due, interest at the rate of 1% per month may be charged to the Client on any sums outstanding, together with any collection fees incurred by Elsevier. If the Client wishes to dispute any invoice in whole or in part, the Client shall, as soon as reasonably practicable, but not later than the due date of such invoice, send full details of such dispute to Elsevier. The Client shall make the full payment to Elsevier under the TC in respect of such disputed invoice within seven days of receipt of Elsevier’s reasonable written notification of the Client’s dispute. This provision will not affect Elsevier’s rights to any legal action for non-payment of sums due and owing by the Client to Elsevier.
