Leukemia Research

Overview

Leukemia Research is an international journal which brings comprehensive and current information to all health care professionals involved in basic and (or) applied clinical research in leukemias, lymphomas, multiple myeloma and other hematologic malignancies. The editors encourage the submission of articles relevant to normal and leukemic hemopoiesis, biochemistry, cell biology, immunology and molecular biology as well as epidemiologic and clinical studies.

Specifically, of major interest will be articles that encompass the application of oncogenes, growth factors, cell markers, cell cycle and differentiation agents, novel therapeutics and clinical trials in both the acute and chronic leukemias as well as the myelodysplastic syndromes. In addition we solicit selected articles on the rapidly increasing specialty of marrow or stem cell reconstitution after high dose therapy with curative attempt in patients with a wide range of neoplasms.

All such prices shall be exclusive of any handling, packing, loading, freight, insurance, transport and insurance charges unless otherwise agreed in writing, and shall be exclusive of any taxes, import duties or other taxes imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as applicable. Where applicable, Client shall provide to Elsevier Client’s VAT registration number or other evidence of tax exemption to Elsevier at the time of placing its order. The Client shall be responsible for providing Elsevier with every available tax deduction, credit or allowance with respect to the payment of taxes to the applicable tax authority. All financial transactions must be settled in the currency of the applicable Elsevier tax invoice. The Client will be solely responsible for its own cost for completing any foreign-exchange-related transactions in the said territory that are necessary to permit the Client to make any tax payments that are due and payable to Elsevier.

5. **Payment** Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency stated. Time for payment shall be of the essence.
