2. Applicability
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party as its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). The Client shall review all Elsevier’s current price list(s) (whether print or online). All such price lists shall be exclusive of any handling, packing, loading, freight, insurance or other transport costs or insurance charges. The price lists shall also exclude any taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, Clients shall agree to purchase Elsevier's VAT registration number or other value of tax registration to Elsevier at the time of placing an order. If, under the laws of the territory in which Elsevier is selling the Products, the Client is required to withhold any tax on the sales price, the Client shall compensate Elsevier with the amount of such additional taxation at the time of the transaction. The price lists shall be subject to change without notice. The Client shall pay the full price of all goods and services specified in the Client's order acknowledgement or invoice. Where general terms and conditions of business are proposed by the Client, such proposal shall have no effect unless expressly agreed to by Elsevier in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier's liability for fraudulent misrepresentation. Where Products are supplied to the Client that contain third party software such a sale may be subject to additional licence terms.

3. Offer and acceptance/ Description
Each order for the Products or Services from Elsevier shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No offer placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for all Products. For all Products except those where Elsevier supplies a price list which lists stock items, Elsevier shall not be bound to supply the Products until Elsevier has received full payment for the Products or Services. The Client and Elsevier acknowledge that it is purchasing Products or Services from Elsevier for its own account and use and not on behalf of any other person or entity. If the Client is an agent, it represents and warrants that it is purchasing the Products and Services from Elsevier for the account and use of no more than one identified institutional subscriber as principal or, if the agent is permitted to order personal subscriptions in a representative capacity, for the account and use of no more than one identified eligible individual subscriber for personal use. Personal users acknowledge that violation of this representation and warranty will cause irreparable harm to Elsevier. Upon any violation of this representation and warranty, Elsevier shall be entitled to immediate injunctive relief requiring Client to discontinue all receipts of Products and Services from Elsevier, including all actual products that have not previously been provided to the Client by Elsevier. Elsevier shall use commercially reasonable efforts to comply with descriptions of the Products and Services agreed by both parties in the relevant order, including such things as formatting, production, technical design, size and kind of address files, and weight and the like. All drawings, descriptive matter, specifications and advertisements issued by Elsevier or any descriptions or illustrations contained in Elsevier's catalogues or brochures are issued as published for the sole purpose of giving an approximate description of the Products and Services described in them. They will not form part of the TC. Publishing errors, including, but not limited to, typographical errors, having no significant effect on the editorial content or design characteristics of the Products and Services, cannot be considered a reason for reject delivery, as the case may be, of the wrong or damaged Products.

4. Price, taxes, and currencies
Unless otherwise agreed by Elsevier in writing, the prices and since for Elsever and Services shall be set out in Elsevier's current price list(s) (whether print or online). All such price lists shall be exclusive of any handling, packing, loading, freight, insurance or other transport costs or insurance charges. The price lists shall also exclude any taxes, import duties or other levies imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as appropriate. Where applicable, Clients shall agree to purchase Elsevier's VAT registration number or other value of tax registration to Elsevier at the time of placing an order. If, under the laws of the territory in which Elsevier is selling the Products, the Client is required to withhold any tax on the sales price, the Client shall compensate Elsevier with the amount of such additional taxation at the time of the transaction. The price lists shall be subject to change without notice. The Client shall pay the full price of all goods and services specified in the Client's order acknowledgement or invoice. Where general terms and conditions of business are proposed by the Client, such proposal shall have no effect unless expressly agreed to by Elsevier in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier's liability for fraudulent misrepresentation. Where Products are supplied to the Client that contain third party software such a sale may be subject to additional licence terms.

5. Delivery and manufacture 
Any modifications to the agreed product or service description, budget, or schedule as set out in the order acknowledgment, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier renders additional services in connection with performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. Any dates specified by Elsevier for delivery/performance of the Products and Services are intended to be an estimate for time of delivery/performance and shall not be deemed the essence of the order. If no dates are specified so specified, delivery/performance will be within a reasonable time.

6. Distribution
The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products or services of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. If by reason of labor dispute, strikes, riot, inability to obtain labor or materials, fire or any other act of the elements, accidents, power or telecommunications failure, customs delays, governmental restrictions or appropriation or any other cause beyond the control of a party, such party is unable to perform in whole or in part its obligations set forth in this TC, then such party shall be relieved of its obligations to perform, and such inability to perform shall not make such party liable to any other party.
