Journal of Neonatal Nursing

Overview

The *Journal of Neonatal Nursing* is a research-based journal for all professionals concerned with the care of neonates and their families, both in hospital and the community. It aims to support the development of the essential practice, management, education and health promotion skills required by these professionals.

*Journal of Neonatal Nursing* will provide a forum for the exchange of ideas and information between the range of professionals working in this field; promote co-operation between these professionals; facilitate partnership care with families; provide information and informed opinion; promote innovation and change in the care of neonates and their families; and provide an education resources for this important rapidly developing field.

ELSEVIER TERMS AND CONDITIONS OF SUPPLY

2. Applicability
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties (the "TC"). TheTC supersede any previous written terms and conditions. For the purposes of the TC, Elsevier refers to the company within the Elsevier group that is providing the Products or Services as set out on the TC, and refers to the relevant location or division of Elsevier that is providing the Products or Services as set out on the TC, and any references to "child company" or "subsidiary" shall mean a child company or subsidiary of Elsevier that is providing the Products or Services as set out on the TC and an "affiliate" of Elsevier shall mean a company that is owned or controlled by Elsevier that is providing the Products or Services as set out on the TC.
