Gastro Hep Advances

Overview

Gastro Hep Advances is the newest peer-reviewed journal published by the American Gastroenterological Association (AGA), joining Gastroenterology, Clinical Gastroenterology and Hepatology (CGH), Cellular and Molecular Gastroenterology and Hepatology (CMGH), and Techniques and Innovations in Gastrointestinal Endoscopy (TIGE). Gastro Hep Advances is a broad-scope, online-only, open access journal that publishes papers on basic, clinical and translational gastroenterology and hepatology. The open access model enables authors with funding mandates to have a high-quality home for their research. In addition to full-length original research articles, the journal publishes comprehensive reviews as well as commentaries and editorials. A core objective is to publish papers cascaded from AGA's other journals that represent outstanding science and therefore qualify for publication in a journal supported by the AGA brand. Gastro Hep Advances also strongly encourages the submission of manuscripts not originally submitted to the other AGA journals. Gastro Hep Advances is less concerned with novelty and subjective perceptions of significance; its aim is to publish digestive disease research that is technically, ethically, and scientifically sound. Gastro Hep Advances will be published 8 times in 2023 with the number of issues increasing over time. Shortly after articles are accepted, they will be posted to the "Articles in Press" page of the journal's website. As a new journal, Gastro Hep Advances is not yet indexed in PubMed Central. At present, only federally funded research will be deposited into PubMed Central, which satisfies the National Institutes of Health access policy. Application and admission into PubMed Central - which would permit depositing of all accepted articles, regardless of funding status - is a major strategic goal of the journal and one we are diligently working towards. The journal's website will also support multimedia files and supplemental data including images, video and audio files. Gastro Hep Advances provides updates and commentary via Facebook and Twitter.

Contact your sales representative for all digital advertising rates and opportunities.
2. Applicability These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They shall supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the order acknowledgement or invoice, as the case may be. The terms "you" and "your" shall refer to the Client and/or any delegate of the Client who signs the order acknowledgement or invoice. The terms "we" and "us" shall refer to Elsevier and/or any of its group companies.

5. Payment

Unless otherwise expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party product or software such sale may be subject to additional license terms.

6. Intellectual property

Client is solely responsible for ensuring proposed advertising copy is received at Elsevier in electronic form (or such other form as specified by Elsevier) and within the relevant deadline set by Elsevier (the “Closing Date”). Where copy is received late or not at all, Elsevier may reject any such advertising copy and shall have the right, at its discretion, to either (1) cancel the advertising space under the same order. No advertising orders will be accepted for periods longer than one year. Where an order for the Products and Services is cancelled by the Client, Elsevier shall be entitled to charge a re-sale rate for volume by Elsevier, and the Client does not order the quoted volume, Elsevier shall be entitled to re-assign space under the TC, unless it is subsequently re-allocated to another Client.

8. Liability and claims

The Client shall not engage in piracy, reproduction, or plagiarism of the Products or any other products of Elsevier or its affiliates, nor shall it directly or indirectly facilitate any other party to engage in those activities. The Client shall promptly notify Elsevier if it becomes aware of any piracy, reproduction, or plagiarism of the Products by any third party. The Client is solely responsible for collecting from its customers amounts due in respect of its sales of the Products, exercising full control and severely limiting all of its own losses from any such uncollected amounts. Delays or failures in obtaining such amounts will not affect the Client’s obligation to make payments to Elsevier under clause 5.

11. General provisions

Audit. Client shall allow Publisher’s authorized representative at any reasonable time to have access to Client’s premises (or any other relevant premises) for the purpose of inspecting Client’s facilities, books and records to determine whether Client is in compliance with the TC and any representations about the Products and Services shall have no effect unless expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party product or software such sale may be subject to additional license terms.

Offer and acceptance/ Description Each order for the Products shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgement of order is issued by Elsevier (or if earlier) Elsevier delivers the Products or issues the invoice to the Client or commencement performance of the Services for the Client. For all Client orders are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier’s liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party product or software such sale may be subject to additional license terms.
