Gastro Hep Advances

Overview

Gastro Hep Advances is the newest peer-reviewed journal published by the American Gastroenterological Association (AGA), joining Gastroenterology, Clinical Gastroenterology and Hepatology (CGH), Cellular and Molecular Gastroenterology and Hepatology (CMGH), and Techniques and Innovations in Gastrointestinal Endoscopy (TIGE). Gastro Hep Advances is a broad-scope, online-only, open access journal that publishes papers on basic, clinical and translational gastroenterology and hepatology. The open access model enables authors with funding mandates to have a high-quality home for their research. In addition to full-length original research articles, the journal publishes comprehensive reviews as well as commentaries and editorials. A core objective is to publish papers cascaded from AGA’s other journals that represent outstanding science and therefore qualify for publication in a journal supported by the AGA brand. Gastro Hep Advances also strongly encourages the submission of manuscripts not originally submitted to the other AGA journals. Gastro Hep Advances is less concerned with novelty and subjective perceptions of significance; its aim is to publish digestive disease research that is technically, ethically, and scientifically sound. Gastro Hep Advances will be published 8 times in 2023 with the number of issues increasing over time. Shortly after articles are accepted, they will be posted to the "Articles in Press" page of the journal's website. As a new journal, Gastro Hep Advances is not yet indexed in PubMed Central. At present, only federally funded research will be deposited into PubMed Central, which satisfies the National Institutes of Health access policy. Application and admission into PubMed Central - which would permit depositing of all accepted articles, regardless of funding status - is a major strategic goal of the journal and one we are diligently working towards. The journal's website will also support multimedia files and supplemental data including images, video and audio files. Gastro Hep Advances provides updates and commentary via Facebook and Twitter.

**EELSEVIER TERMS AND CONDITIONS OF SUPPLY**

1. **Applicability**
   These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or its agent (the "Client") relating to the products and/or services of Elsevier ("the Products and/or Services") — and, along with the relevant Elsevier order acknowledgement, shall form the entire agreement between the parties (the "TC"). They supersede any previous supply terms and conditions. For the purposes of the TC, Elsevier shall mean the company within the Elsevier group that is providing the Products or Services as set out on the order acknowledgement, shall mean any person or body (including, without limitation, the Clients' employees) acting on behalf of or at the request of the Client, or who is authorised to enter into agreements on behalf of or at the request of the Client, and shall include their respective successors, assigns and permitted sub-contractors.

2. **Offer and acceptance/ Description**
   Each order for the Products and Services shall be deemed to be an offer by the Client to purchase the Products and Services subject to the TC. No order placed by the Client shall be deemed accepted until a written acknowledgment of order is issued by Elsevier or (if earlier) Elsevier delivers the Products or issues the invoice to the Client or commences performance of the Services for the Client. All order data are accepted subject to availability of the ordered Products. Unless otherwise expressly agreed by Elsevier, the Products delivered under the TC shall be at Elsevier's risk and title shall pass to the Client at the time of delivery. The Client shall be entirely responsible for any loss or damage to the Products until title has passed to the Client. The Client shall be liable for any loss or damage to the Products resulting from its own neglect or fault, even if the loss or damage is not the result of the Client's deliberate default.

3. **Execution and modification of the order**
   Any modifications to the agreed product or service description, budget or schedule, as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. All such requests are subject to availability of the ordered Products. Unless otherwise expressly agreed by Elsevier, any such increase in the agreed price shall be payable to Elsevier under the TC, and any such increase in the agreed timescale shall be subject to the agreement and any modifications to the agreed budget or schedule, as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion.

4. **Prices, taxes and currencies**
   Unless otherwise agreed by Elsevier in writing, the prices quoted in the order acknowledgement for the Products and Services shall be exclusive of all taxes, import duties or other taxes imposed on the sale or import of the Products or Services by local or national authorities, which shall be charged by Elsevier as applicable. Where general terms and conditions of business are proposed by the Client, 50% payment of the agreed price shall be made at the time of order acknowledgement or invoice. Where general terms and conditions of business are proposed by the Client, Elsevier reserves the right to so adjust the agreed price that such adjustment will be effective or the Client's order acknowledgement or invoice. If, at the request of the Client, Elsevier renders additional Services in connection with the performance of the TC, Elsevier shall act in the name of, to the account of, and at the risk of the Client. All such requests are subject to availability of the ordered Products. Unless otherwise expressly agreed by Elsevier, any such increase in the agreed price shall be payable to Elsevier under the TC, and any such increase in the agreed timescale shall be subject to the agreement and any modifications to the agreed budget or schedule, as set out in the order acknowledgement, may result in an adjustment to the final price and/or delivery schedule at Elsevier's discretion.

5. **Payment**
   Unless otherwise agreed in writing, payments shall be effected within thirty (30) days of the invoice date in the currency invoiced. Time for payment shall be of the essence. Elsevier may set any credit limits for any Client account and shall be entitled to refuse supply to any Client who has exceeded its current credit limit.

6. **Liability and claims**
   Thus the maximum permitted extent by relevant law: (a) any loss of anticipated profits or expected future business; (b) damage to reputation or goodwill; (c) any damages, costs or expenses payable by Elsevier to any third party; (d) loss of any order or contract; or (e) any loss that was not foreseeable by Elsevier. The Client further agrees that he/she will not accept any advertisement or other content (the "Advertising Content"). Client represents and warrants that (i) Client holds the necessary rights and/or licenses to use, reproduce, distribute, or transmit the Advertising Content for the purposes of this TC; (ii) the use, reproduction, distribution, or transmission of the Advertising Content for the purposes of this TC; (iii) the Client will, at all times, fully comply with all applicable laws, regulations, and industry codes relevant to the use, reproduction, distribution, or transmission of the Advertising Content for the purposes of this TC; and (iv) the Client will, at all times, fully comply with all applicable laws, regulations, and industry codes relevant to the use, reproduction, distribution, or transmission of the Advertising Content for the purposes of this TC.
