ESMO Real World Data and Digital Oncology

Overview

ESMO Real-World Data and Digital Oncology is the European Society for Medical Oncology's latest peer-reviewed open access journal. It is dedicated to publishing high-quality data science and educational content on the transformation of oncology care with real-world evidence and digital technologies that physicians can trust and understand. The journal will publish innovative research that provides actionable insights from real-world data sources and digital devices, such as generalizable observational and health services research, clinical informatics solutions, algorithm-powered diagnostics, and decision support systems and direct-to-patient mobile applications. Main focuses of interest include: disease characterization, rare and under-represented populations in clinical trials, head-to-head comparative effectiveness, unmet needs and gaps in access or care delivery, resource utilization and heath economics, post-marketing treatment optimization and tolerability and patients' outcomes and preferences. In addition, studies that evaluate the net benefit of incorporating artificial intelligence applications in clinical practice, or explore how the human aspect of medicine, relations between patient and physician, may be affected by the increasing use of technology in routine practice. With an international editorial board of experts and key opinion leaders, the journal will support multiple stakeholders as they engage with digital solutions and information systems to solve complex cancer problems. Providing essential reading for all stakeholders we will publish original research, reviews, editorials, perspectives, correspondence, and news. The journal will provide balanced implementation guidance, training, and resources to ensure appropriate use of real-world data and digital technologies, at the highest methodological standards. ESMO Real-World Data and Digital Oncology aims to operate a fast submission process with continuous publication online, to ensure that timely, up-to-date research is available worldwide and adheres to a rigorous and transparent peer review process.

Contact your sales representative for all digital advertising rates and opportunities.
13. Cancellations & Returns

If the Client cancels an order either fully or partially, a cancellation fee may be charged. All cancellations must be in writing and signed by an authorized signatory of Elsevier. Nothing in the TC will exclude or limit Elsevier's liability for fraudulent misrepresentation. Where Products are sold to the Client that contain third party software such a sale may be subject to additional licence terms.

11. Audit

Audit reports of the Products or Services sold to the Client may be made. Auditors selected by the Client shall have access to any information necessary for the performance of the audit.

2. Offer and acceptance/ Description

Unless otherwise expressly agreed by Elsevier in writing, Elsevier's offer to sell the Products or Services includes a description of the Products or Services. Any alterations proposed by the Client must be in writing and signed by an authorized signatory of Elsevier. In the event that Elsevier is unable to deliver the Products or Services in accordance with the description, the Client may cancel the order and return the Products or Services, as appropriate, and be entitled to a full refund of the purchase price.

1. Applicability

The formation, existence, construction, performance, validity and all aspects of the TC shall be governed by the law of the corporate domicile of the Elsevier company which is providing the Products or Services. The parties agree to submit to the courts of that same corporate domicile. The Client shall not be entitled to assign the TC or any part of it without the prior written permission of Elsevier as specified above.

Courts of that same corporate domicile. The Client shall not be entitled to assign the TC or any part of it without the prior written permission of Elsevier as specified above. If any provision of the TC is found by any court, tribunal or other legal or administrative authority to be void or unenforceable, that provision shall be deemed severable and the remainder of the TC shall be enforced as if the void or unenforceable provision had not been included.

If the alterations requested are unacceptable, unless such changes are due to an event of force majeure. Elsevier can cancel the order for that advertisement, or (ii) refund to Client a pro rata portion of the Advertising Content (if Client has paid Elsevier a flat fee). Elsevier will not be liable for the timely appearance or absence of any advertising or promotional material and shall be entitled to reject any order for reprints of material that has not been published.

specifying positions are accepted subject to the right of Elsevier to determine actual positions. If Elsevier considers that any such Laws that are enforced internationally (such as the United States Foreign Corrupt Practice Act and the United Nations Convention against Corruption) apply to any activity of delivery, Elsevier shall be entitled to cancel the order for that advertisement, or (ii) refund to Client a pro rata portion of the Advertising Content (if Client has paid Elsevier a flat fee). Elsevier will not be liable for the timely appearance or absence of any advertising or promotional material and shall be entitled to reject any order for reprints of material that has not been published.
