Editorial

Journal of the American Academy of Dermatology (JAAD), the official clinical journal of the American Academy of Dermatology (AAD), leads the field in readership scores. JAAD is published monthly and maintains a favorable advertising ratio of 31% ad space to 69% editorial content. The AAD is the world's largest and most influential society in the specialty, giving JAAD the best reach of any journal in dermatology. The journal is circulated to more than 16,000 dermatologists, including all residents enrolled in the US and Canadian dermatology training programs. AAD members report that receiving the journal is one of the top benefits of membership. JAAD features original, peer-reviewed articles that are available in print and online. The journal consistently reports the latest advances in the prevention, diagnosis, and treatment of dermatologic disorders. It also offers monthly opportunities for readers to obtain continuing medical education credits. JAAD's highly regarded editorial content ensures cover-to-cover exposure for your advertisement.

The Journal is ranked 1st of 68 journals in the Dermatology category in the 2021 Journal Citation Reports®, published by Clarivate Analytics, and has an Impact Factor of 15.487.

Editor-in-Chief: Dirk M. Elston, MD

Affiliation: The Official Publication of the American Academy of Dermatology

Audience:
Entire dermatologic community

Global Print Circulation: 17,821  Issuance: 12 times per year

*Circulation updated on October 25, 2021, based on 12-month monthly average July 2020-June 2021

Specifications

File Format
Preferred format is PDF created with high-resolution PostScript from the native application. Convert the PostScript to PDF with Acrobat 4 or 5 Distiller set for compatibility to PDF version 1.3 (Acrobat 4). Other acceptable formats are PDF/X-1a, EPS and TIFF.

All files must be correctly named with proper extensions.

The following source files are accepted and are expected to follow all requirements listed in this document:
- InDesign version 2 or higher (CS preferred)
- QuarkXPress version 6.5 or higher (native formats only, no Quark .eps are accepted)
- Adobe Illustrator (eps only)
- Adobe Photoshop (tiff)

Additional costs may apply if problems are encountered.

NOTE: When using Adobe Illustrator it is preferred to have all fonts converted to outline/paths, and files submitted as EPS files.

Fonts
Use of PostScript Type 1 fonts is encouraged. Include fonts for any embedded graphics. DO NOT use Type 3, Multiple Master or CID fonts. Avoid using menu-styled fonts, Macintosh "city" fonts (Chicago, Geneva, etc.) and Microsoft Outlook fonts (Tahoma, Impact, etc.).
Images

TIFF and EPS files must conform to the following minimum resolution specifications:

- Grayscale and Color images: 300 dpi
- Combination Grayscale and Color images: 500-900 dpi
- Line art (Bitmap) images: 900-1200 dpi

Higher image resolutions are acceptable as they exceed the minimum requirements, but in some cases unnecessary resolution will be discarded to achieve smaller file sizes.

Files containing layers and/or transparent objects must be flattened prior to submission. PDF version 1.3 will ensure a flattened file.

Page Layout

Regardless of the file format supplied, all ads must conform to the following specifications:

- Final size must meet journal trim size and include 1/8" bleed image on all four sides.
- Files will include trim marks with a minimum 3/16" offset
- No content is to be within 1/4" of all trim edges.
- Supply as single page files only
- Right Reading, Portrait Mode, 100% size, No Rotation.
- All fonts and graphics must be either embedded or included with the files and conform to the format type listed above. Images must also conform to the specifications above for minimum image resolution.
- All color ads should be supplied as composite files.
- Reverse type should be no less than 6pt. Fine lettering (thin lines, serifs) should be restricted to one color.
- Embedded images should not be scaled, cropped/masked or rotated within the page layout application but instead should be manipulated in a proper image editing program (ex. Photoshop) and then imported into the page layout program at proper size and position.
- DO NOT nest EPS files within EPS files.
- All lines and line art images should be of a minimum 1/3 pt thickness (1/2 pt for reverses) at final size to reproduce effectively on press.

Color Space

All color images and files are to be supplied as CMYK with a Total Area Coverage (TAC) not to exceed 300% for the darkest area of an image. Files supplied as RGB will be automatically converted to CMYK.

Spot Colors

Spot colors are to be identified using the standard Pantone naming convention and not a custom color such as "Dark Blue." PMS colors will be converted to process unless otherwise specified. When using both art and layout programs be sure spot color naming is consistent in all applications (ex. Do not define both PMS 201CV and PMS 201CVC).

Trapping and Screening

Overprints and knockouts should be defined. Files are NOT to be trapped or prescreened. Our Prepress service provider will use industry recognized trapping software to auto-trap your files for optimum performance and reproduction on press and will apply the appropriate screening. However, these trap settings may force small text and fine graphics to overprint to hold registration on press.

Proofs

If submitting a proof for color match on press, please send a SWOP-certified contract color proof (with SWOP proofing bar or GATF proof comparator), produced from the final submitted file and imaged at 100% scale. Revised proofs must be supplied whenever a text or design change is made. For a list of current SWOP-approved proofs visit www.swop.org/certification/systemlist.asp. Desktop inkjet printer proofs do not meet SWOP specifications. Elsevier cannot guarantee color match unless acceptable proof is provided. If a contract proof is not supplied Elsevier will run to standard ink densities and dot gains.

Delivery

- Email high-res PDF ad file(s) to sales contact and include the following information:
  - Journal Title
  - Issue date
  - Advertiser

Conformance to Specs
Variances from the above specifications may not yield results that conform to Elsevier quality control standards.

**Disposition of Reproduction Materials**

All digital ad files will be held for twelve months only unless otherwise notified.

1. Applicability
These terms and conditions shall apply to all offers, proposals and agreements made between Elsevier and any third party or as agent ("the Client") relating to the products and/or services of Elsevier ("the Products and/or Services") and, along with the relevant Elsevier order acknowledgment, shall form the entire agreement between the parties ("the TCO"). They supersede any previous supply terms and conditions. For the purposes of the TCO Elsevier shall mean The company which the Client purchases the Products or Services from as set out in the Elsevier order acknowledgment or invoice. Where general terms and conditions of business are proposed by the Client, these shall be subject to this TCO. All parties acknowledge that they shall be subject to the TCO further to this TCO.

2. Offer and acceptance Description
Each order for the Products and Services provided by Elsevier shall be deemed to be made on behalf of Elsevier and the Client shall be deemed to have accepted and confirmed the order by placing the order with Elsevier and Elsevier delivers the Products or services in accordance with the Client's order and the Client's order acknowledgment or invoice. Unless otherwise expressly agreed Elsevier in writing, Client represents and warrants that it is purchasing Products or Services from Elsevier for its own use and sale and not on behalf of any other person or entity. Elsevier reserves the right to cancel any order and reject any order for any reason whatsoever, at its sole discretion. Elsevier orders or products may be returned by the Client, without prejudice to Elsevier's other rights and remedies, in the event that Elsevier reasonably determines, after the order has been placed but prior to delivery, that it is unable to perform, and such inability shall be deemed to be excused by order without prejudice to Elsevier's other rights and remedies.
