

ASH Annual Meeting Abstract Collections

Elsevier is the
official publisher
of the
ASH Abstract
Collections

Custom Selected. Relevant. Timely.

ASH Annual Meeting Abstract Collections enable corporate sponsors to amplify the reach of the most relevant conference abstracts for their target audience.

Harness the ability to further educate your audience by selecting a compilation of key conference abstracts and disseminating this high-quality, trusted, and valuable content through print and digital channels.

Abstract Collections are based upon the most up-to-date information being presented at the ASH Annual Meeting & Exhibition, and allow for timely dissemination pre-, during, or post-conference and published in *Blood*.

ELSEVIER

Sponsorship Guidelines

CONTENT

- Abstract(s) selected can be on a specific drug/product or disease area and collated in English or translated.
- Selection of abstract(s) can be made by pharmaceutical customer, or by intermediary agencies.

FORMAT

- Selection of abstracts from the ASH Annual Meeting can be presented as “whole section” reprints or selections.
- Covers will reflect Blood, The 65th American Society of Hematology (ASH) Annual Meeting and Exposition, to be held December 9-12, 2023, in San Diego, California, and abstract number(s)

DISTRIBUTION

- **Print:** Printed copies are sent in bulk to sponsor for distribution.
- **Digital:** Provide your target audience with 24/7 access and a downloadable PDF via a unique URL.

APPROVALS/DISCLAIMERS

- Selections will be approved by the Editor and Society.
- Agency-produced summaries will not be permitted.
- Suitable disclaimers and disclosure will accompany the selections.

Raise awareness of ground-breaking developments in your field of research with ASH Annual Meeting Abstract Collections
